SUBJECT: SFY 2013-14 Annual Implementation Plan

.....
PURPOSE:

To transmit the SFY 2013-14 Annual Implementation Plan (hereafter referred to as the Plan) and Guide for Completion (hereafter referred to as the Guide) for Titles III-B, III-C-1, III-C-2, III-D, III-E, Expanded In-home Services for the Elderly Program (EISEP), Community Services for the Elderly (CSE), Congregate Services Initiative (CSI), Supplemental Nutrition Assistance Program (SNAP), State Transportation Program, Caregiver Resource Centers (CRCs), and Health Insurance Information, Counseling and Assistance Program (HIICAP) to provide an overview of changes that have been made to the Plan documents.

ACTION REQUESTED:

Please complete and submit the Plan for 2013-14, including the Applications for Funding, Personnel Roster, Equipment Schedule, Rent Allocation Schedule, Subcontractor Roster and all appropriate Attachments by Monday, **December 3, 2012**.

BACKGROUND:

The Older Americans Act (OAA) and New York State regulations require that local area agencies on aging (AAAs) develop and submit an Area Plan to the New York State Office for the Aging (NYSOFA). Under the CSE, EISEP and the OAA, each AAA receives resources to fulfill its role for planning and coordination. The development of the Plan is an important component of this responsibility and requirement.

The Plan, submitted every four (4) years and updated annually, must describe how the AAA will provide for a comprehensive and coordinated system of services for older adults and how it will comply with other requirements of the OAA. The information submitted in this Plan must meet federal and state requirements.

The Plan development process is an important tool for helping empower communities to improve local services for older adults and to identify community needs. The Plan can also help prioritize the use of federal, state and local resources, as well as identify strategies to improve coordination to best address these local needs and implement changes in the aging network.

In addition, the Plan development process includes the needs assessment process, and associated Public Hearing(s). The Plan development process should be used by each AAA to help focus attention on current and new aging network systems development priorities. There are important systems development initiatives that AAAs may wish to address during the upcoming plan development process:

- Federal appropriation language requires that IIID funding be expended for evidence-based programs/interventions only. AAAs are asked to consider evidence-based programs/interventions that meet the Highest-level Criteria for such programs as established by the Administration on Aging/Administration on Community Living (AoA/ACL). NYSOFA suggests implementing one of the CDSMP models or the Matter of Balance model. These models are being more widely used within the larger health network in New York State.
- In September 2011, NYSOFA was awarded two, three-year parallel grants from AOA/ACL to build onto NY Connects a no wrong door point of entry program by advancing "Systems Integration". These two separate grants are referred to by AOA/ACL as, "Part A" and "Part B". Part A is entitled, "Accelerating Integrated, Evidence-Based, and Sustainable Service Systems for Older Adults, Individuals with Disabilities and Family Caregivers". Part B is entitled, "Creating Dementia Capable, Sustainable Service Systems for Persons with Dementia and Their Family Caregivers". NYSOFA suggests that AAAs build into the planning process initiatives that will help advance the goals and objectives of "Systems Integration."

PUBLIC HEARINGS

A formal public hearing must be held at least thirty (30) days prior to the date that the Plan is submitted to NYSOFA. Notice of the public hearing must be published at least twenty-one (21) days before the hearing. For these public hearings, information must be available that provides a summary of the AAA's fiscal and service projections, any significant changes in service delivery and/or changes to service locations, and any major modifications to the overall goals of the AAA.

The public hearing process enables AAAs to gather valuable input on needs and solutions from consumers, families, service providers and policy makers. NYSOFA encourages

each AAA to provide ample opportunities for such public input during the required public hearing, as well as input from the AAA Advisory Council, and informal community input.

The public hearing process is an excellent way to bring wider public attention to the needs of a changing older adult population and the importance of the local office for the aging and aging network services. In addition, the public hearing process affords each area agency on aging the opportunity to involve community partners in identifying ways to better serve culturally diverse or underserved populations. This is also an opportunity to include these individuals in the planning process.

AREA AGENCY ADVISORY COUNCIL

The AAA Advisory Council is required to have an opportunity to review and comment before the Plan is transmitted to NYSOFA. This is essential to the planning process as the Advisory Councils enable AAAs to obtain input from a cross section of interested community members.

OUTREACH

Standard Assurance 26.I, K, and M addresses the AAA's responsibilities pursuant to the Older Americans Act to conduct outreach efforts to inform older adults with greatest economic or social need (with particular attention to low-income minority individuals including Native Americans and older individuals residing in rural areas), older adults with limited English proficiency, and older adults who are frail or who have severe disabilities or Alzheimer's Disease or related disorders of the services that are available to them in their Planning and Service Area (PSA) and to evaluate annually the effectiveness of the AAA's, and its contractors', outreach efforts and activities. Successful outreach efforts are linked to successful targeting and meeting the needs of older adults who fall within the target groups identified above.

OVERVIEW OF PLAN CHANGES:

The content of the 2013-14 Plan is similar to that of the 2012-16 Four Year Plan and the 2012-13 AIP. However, there are some differences. The following is a summary of key areas in which there have been changes:

The **Guide for Completion** has been changed to reflect the following changes in the Plan.

- The Cover Page has been updated to be reflective of various AAA structures/sponsorships.
- The Demographic and Targeting Objectives section now requires the name and contact information for the telephonic interpretation service which the AAA has established as required in NYSOFA's Equal Access to Services and Targeting Policy (12-PI-08). The Guide for Completion provides additional supporting information.
- The following components will now be annual:

- Projected Resource Inventory - (Web based version will self-populate from the previous year so that changes/updates can be more easily made.)
 - Multipurpose Senior Center/Designated Focal Points Roster--(Web based version will self populate from the previous year so that changes/updates can be more easily made.)
 - Legal Assistance - an update to Four Year Plan will be required.
- The Title III-D Federal appropriation language requires that III-D funding be expended for evidence-based programs/interventions only. The line used to indicate the amount expended for Medication Management Activities on the Federal Summary budget page has been eliminated. The Service Delivery and Resource Allocation page for Federal programs has been revised to gray out certain services which are no longer eligible to be provided out of Title III-D funds with the change in requirement that all Title III-D services be Evidence Based Interventions.
 - The Senior Medicare Patrol (SMP) questions have been changed.
 - The WRAP section has been included in the PLAN but the AAAs will not be required to complete this section as no federal resources are available for this purpose. The summary and supporting budget columns for WRAP have been grayed out and are not to be completed.
 - Volunteers Used as Match – The 2013-14 Plan now allows for AAAs to use the value of volunteer services as local match within program budgets which require match. The inclusion of volunteer services as match is limited to those programs where the AAA could not meet their minimum match requirements through other means. The summary budgets, supporting budget schedules and personnel roster have all been modified to accommodate the inclusion of the value of volunteers as match. Any AAA requesting to include the value of volunteers as match in one or more program budgets must complete and submit the newly created Attachment F to the AIP. A separate Program Instruction will be issued shortly which outlines the procedures for AAAs who need to utilize the value of volunteer services as match. The Guide for Completion of the Plan also includes instructions regarding the inclusion and accounting for volunteer services used as match.

TENTATIVE ALLOCATIONS:

Tentative allocation schedules for use in completing the 2013-14 Applications for Funding will be transmitted shortly under separate cover.

Please note: NYSOFA does not currently anticipate that there will be any funding for the WRAP program for 2013-14.

CONDITIONAL GRANT AWARDS:

AAAs may request conditional Notifications of Grant Award (NGAs) under Titles III-B,

III-C-1, III-C-2 and III-E. Issuance of conditional NGAs allows the AAA to request advance payments for FFY 2013 under these programs, prior to receiving their approved Plan.

NYSOFA is prepared to issue conditional NGAs to AAAs under the following circumstances:

1. The Plan and Funding Applications must be submitted complete and in their entirety. Conditional NGAs will not be available for Title III-D due to the small amounts of money involved.
2. Conditional NGAs will be available only to those AAAs that participate in the advance vouchering payment system. NYSOFA will only authorize the payment of advances against the federal award (up to three monthly advances of 8 percent each - see Program Instruction 96-PI-14, 4/8/96 for advance system details). When requesting any advance from NYSOFA, please note the federal requirement that a grantee or subgrantee keep only enough cash on hand to meet its immediate needs. Also note that AAAs that have requested an advance in the past, but did not fully expend these funds during this three month period, may have their advance requests denied or reduced depending on the specific situation. All Title III advance requests must be received within thirty (30) days of the start of the program period. Advance requests received later than thirty (30) days after the start of the program period may not be granted.
3. The necessary safeguards will be incorporated into the remarks of the conditional NGAs. Conditional NGAs will be issued after the Plan and applications for funding have received initial review and appear approvable, with relatively minor adjustment(s) and NYSOFA receives its Title III allotment from AoA/ACL (Administration on Aging/Administration for Community Living) for FFY 2013. Requests for conditional NGAs must be received by NYSOFA no later than the beginning date of the program period. Requests for conditional NGAs received after this date will not be granted.

REVIEW OF COSTS PER UNIT OF SERVICE:

NYSOFA staff will be reviewing Plan data to determine the reasonableness of the projected average cost per unit (CPU) for each of seven major services (transportation, personal care levels I and II, congregate meals, home delivered meals, case management and adult day services).

During the initial review of the Plan, NYSOFA fiscal and program staff will examine the proposed average CPUs contained in the SFY 2013-2014 submission against the data from the current SFY 2012-13 Plan. Staff will also compare the SFY 2013-2014 numbers to the SFY 2011-2012 CAARS and client data. Any CPUs that vary by 10 percent or more in the respective areas will be noted and the AAA will be asked to explain the variance. The CPU calculation and comparisons will be available to AAAs on the web-based version of the 2013-14 Plan. AAAs will be able to enter their explanation for variances outside the acceptable range online and it will be submitted with the Plan.

Consistent with last year's process, the approval of the 2013-14 Plan will not be withheld if one or more CPU changes are identified and not adequately explained during the Plan review process. However, this issue will be noted in the Plan approval letter and additional follow-up and review by NYSOFA will occur following the submission of 2013 CAARS/Client Data. If the CAARS/Client Data for the service(s) in question remains outside the reasonable range and is not adequately explained, appropriate NYSOFA personnel will schedule a teleconference and/or visit to the AAA to discuss the CPUs, provide technical assistance and follow-up with corrective action and monitoring as appropriate.

AAA personnel are encouraged to consult other resources when preparing the Plan documents and related funding applications. For example, Technical Assistance Memorandum 97-TAM-06 (12/16/97) provides guidance about how to define, collect and interpret cost data to determine accurate congregate and home delivered meal costs. The TAM includes instructions and six worksheets an AAA can use to help calculate various cost centers. AAAs should consult the approved Medicaid rates for personal care services as EISEP and CSE funded EISEP-like services projections are developed. AAA personnel are also encouraged to refer to Program Instruction 11-PI-03 (April 5, 2011) Standard Definitions for Service and Units of Service.

WEB-BASED APPLICATIONS:

AAAs are required to complete the web-based forms through the reporting web link (<http://www.reporting.aging.ny.gov>) on AAARIN and submit them electronically to NYSOFA. These interactive forms will be available on AAARIN for AAAs to download on or about October 1, 2012. AAAs may download instructions and forms from AAARIN.

SUBMISSION REQUIREMENTS:

On or before **December 3, 2012**, AAAs are required to submit the completed Plan for 2013-14 including all funding applications and rosters via the web-based forms. AAAs are also required to submit, by US Mail, an original of the signed Plan Review and Approval page (Page 1) and signed certification page of the Standard Assurances (Page 35). The Plan must bear an original signature in ink. Note: Only the certification page of the Standard Assurances must be submitted.

- B. **Materials Developed Under CRC:** AAAs that have a Caregiver Resource Center (CRC) funded under NYS Elder Law § 206, agree that all materials developed by the AAA in connection with the CRC program shall be the property of NYSOFA. AAA will include references within the FY 2012 budget submission indicating how at least 5% of the HIICAP funding will be used to provide one-on-one pharmaceutical benefits counseling to dual eligible beneficiaries with mental disabilities. NYSOFA encourages HIICAPs to partner with community mental health centers to assist the centers in providing Medicare and Medicaid counseling for their clients.
- T. AAA will provide information for a mid-term report (and other reports as required) to NYSOFA on clients served and activities provided under 2013-14 HIICAP grant with specific reference to those with mental disabilities.

Standard Assurance applicable to the Senior Medicare Patrol Program-SMP

46. AAA agrees to report activities funded through SMP via the <http://shipnpr.shiptalk.org> website indicating “fraud and abuse” as topics discussed with clients and at public events. AAA will complete and submit Reporting forms for all SMP events whether held in conjunction with a HIICAP activity or on its own. In addition, AAA agrees to report suspected Medicare fraud to the appropriate hotline for investigation.

GUIDE FOR COMPLETION

INTRODUCTION

These instructions are designed to assist Area Agency on Aging (AAA) staff in completing the Annual Implementation Plan (which includes the annual applications for funding), hereafter referred to as the Plan. Also included in this *Guide for Completion*, hereafter referred to as the *Guide*, are instructions for the Personnel Roster, Equipment Schedule, Rent Allocation Schedule, and Subcontractor Roster.

The Annual Implementation Plan consists of Pages 2 through 18 of the Plan package. The information on these pages should be completed to cover the entire four year period of this Plan. Pages 19 & 20, along with Page 1 and the Attachments, constitute the Annual Implementation Plan (AIP) for the second year of this Four Year Plan. The information on these pages should only cover the second year of this four year plan period.

OVERVIEW

1. Technology

All forms will be web-based, with the exception of the Plan Review and Approval signature page and the Standard Assurances signature page. These interactive forms will be available on the NYSOFA Budgeting and Reporting System on or about October 1, 2012. AAAs must complete these forms on the web and transmit them to NYSOFA through the same medium. This process is the same as that utilized for the 2012-13 Annual Implementation Plan and subsequent budget modifications.

2. Submission

AAAs are not required to submit hard copies of the entire Plan package to NYSOFA. However, AAAs are required to submit an original of the signed Plan Review and Approval page (Page 1) and signed certification page of the Standard Assurances (Page 35) to the State Office for the Aging, Division of Finance and Administration. The Plan must bear an original signature in ink. **Note: Only the certification page of the Standard Assurances must be submitted.**

3. Content

OVERVIEW OF PLAN CHANGES:

The content of the 2013-14 Plan is similar to that of the 2012-16 Four Year Plan. However, there are some differences. The differences will be summarized in the Program Instruction (PI) issued with the Plan.

GENERAL COMMENTS

Accuracy and Completeness: Applicants should read this *Guide* thoroughly to make certain all questions on the documents are answered completely and in sufficient detail. If you have additional questions concerning the completion of any item(s), you should contact the Aging Services Representative (ASR) or Grants Management Budget Specialist 2 (GMBS2)/Senior Accountant (Sr. Acct.) assigned to your AAA.

GOALS (Page 2)

Check each appropriate box. Proceed to the Demographic Data and Targeting Objectives if no changes have been made in the goals and objectives since the 2012-16 Four Year Plan was submitted. Check the appropriate box(es) if one or more objective(s) has been changed, added or deleted and list the change(s) made in the AAA's goals and objectives.

DEMOGRAPHIC DATA AND TARGETING OBJECTIVES (Page 3-4)

NOTE: Use census data for limited English proficiency for 3.h)

- Column A, Lines 1 and 3 a-q, includes preprinted most current census data for the number of persons residing in the Planning and Service Area (PSA) who are aged 60 and older.

- Column B, Lines 1 and 3 a-q, includes preprinted Client data for SFY ending March 31, 2012. Note this data is for registered (cluster 1 & 2) clients only.
- Column C, Lines 2 and 3 a-n, requests the number of those persons projected to be served during the 2013-2014 Plan year by the AAA and its subcontractors. For Lines 3 a-n, the entries will not represent unduplicated counts for projected client data. It is expected that individuals will often fall into more than one of the categories.

Program Instruction 12-PI-08, dated 7/17/12, on equal access to services and targeting provides an example for calculating target group figures. This example for calculating planned targeting objectives is repeated below:

If a Planning and Service Area (PSA) has 10,000 older adults of whom 500 belong to a particular target group, then that target group represents 5% of the general older adult population. If an AAA plans to serve 1,000 older adults within its PSA, targeting efforts should ensure that at the minimum 50 (5% x 1,000) members of the target group are included among service recipients. If using this method results in a fraction, please round up to the nearest whole number, that is, person. Apply the formula to those unserved and underserved older adults in greatest social or economic need, who are low income, low income minorities (includes Hispanics, Native American/Alaskan Natives, Asians, Blacks and Native Hawaiians/Pacific Islanders), rural residents, older adults with limited English proficiency, Native Americans, and frail/persons with disabilities.

12-PI-08 further states that "Area Agencies must strive to serve members of target groups in substantially higher percentages than their representation in the general older adult population of the PSA."

4. a. Specify the planned targeting activities for the 2013-14 period that are designed to increase participation of unserved and underserved older adults in greatest social or economic need, particularly those older adults who are, low income, low income minorities, rural residents, older adults with limited English proficiency, Native Americans, those at risk of institutionalization and frail older adults/ persons with disabilities (e.g., blind, deaf, visually and/or hearing impaired, etc.).

This section should describe the AAA's 2013-14 plan for outreach and service delivery to the specified targeted groups.

4. b. If the AAA did not achieve targeting objectives set forth in its 2012-13 Plan, specifically describe how the AAA will modify its targeting activities in 2013-14 to improve its efforts to reach the older adult cohort (as described above) for which the goal was not achieved. (In determining whether past targeting objectives were achieved, see QUARTERLY STATUS REPORT - Demographic Information (36A). For information on NYSOFA's Equal Access and Targeting policies, refer to Program Instruction 12-PI-08.

This section should discuss in detail those areas where the AAA did not meet its targeting objectives in the prior period, and how targeting activities and service design have been modified to improve achievement of targeting objectives. Please provide specifics.

5. Specify how the AAA plans to provide outreach and language accessibility to persons with limited English proficiency who may seek services (e.g., contracted interpreter/translator, community organization links for translation/interpretation services, language interpretation phone line, etc.).

This section should discuss how the AAA will provide language assistance in outreach and delivery of services to persons with limited English proficiency. Each AAA must include the name and contact information for the telephonic interpretation service which it has established as required in NYSOFA's

Equal Access to Services and Targeting Policy (see 12-PI-08). This policy requires that all AAAs must, at a minimum, establish a telephonic interpretation service contract or similar community arrangement with a language interpretation service provider of their choice by October 1, 2012 (also see 12-IM-03 regarding Telephonic Interpretation). In addition to this requirement, AAA should assess, as accurately as possible, the frequency with which they have or *should have* contact with limited English proficiency individuals from different language groups that may seek assistance. The greater the number or proportion of persons with limited English proficiency in the AAA's PSA (Planning and Service Area), the more likely expanded language services are needed, that may require additional steps beyond the telephonic interpretation services. The Federal AoA/ACL (Administration on Aging/ Administration for Community Living) *Guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons* advises recipients of federal funds to assess language needs and decide what reasonable steps they should take to ensure meaningful access for limited English proficiency persons. This Guidance also notes that even AAAs (as recipients of federal funds) that serve limited English proficiency persons on an unpredictable or infrequent basis should determine what to do if a limited English proficiency individual seeks services under the program in question. For those areas with smaller limited English proficiency populations, this plan need not be intricate and the required telephonic interpretation services may suffice. AAAs are encouraged to review the federal Guidance referenced above to review the four factor analysis recommended by AoA/ACL (through the Health and Human Services (HHS) Guidance), and for other useful information. This Guidance may be found at the following link:

<http://www.hhs.gov/ocr/civilrights/resources/specialtopics/lep/policyguidancedocument.html>

DEFINITIONS FOR RURAL AND LIMITED ENGLISH PROFICIENCY

Rural - A rural area is any area that is not defined as urban. Urban areas comprise: (1) urbanized areas (a central place and its adjacent densely settled territories with a combined minimum population of 50,000) and (2) an incorporated place or a census designated place with 20,000 or more inhabitants.

Limited English Proficiency- Individuals who do not speak English as their primary language and who have a limited ability to read, write, speak, or understand English may be limited English proficient, and may be eligible to receive language assistance with respect to a particular type of service, benefit, or encounter.

PROJECTED RESOURCE INVENTORY (Page 5)

List all "other resources" projected to be secured primarily through the efforts of the Area Agency to enhance community based services to older adults in the PSA.

Please indicate the name of the Agency/Organization, the services provided which benefit the older adults in the PSA and if possible an estimated dollar value of these services. Do not include services for which you have a contract with the Agency/Organization to provide. You can include the value of services which are not part of an existing subcontract with the AAA. For example you have a contract with the Salvation Army to provide meals at a congregate site they operate. You learn that they have an in-house staff person who is trained in providing classes for health promotion and home injury controls. After you speak with them they agree to provide lunchtime classes two days a week without charge. The value of the health promotion and the home injury controls would be added to the chart but the value of the meals would not.

MULTIPURPOSE SENIOR CENTER/DESIGNATED FOCAL POINTS (Page 6)

List the names and addresses of all designated Multipurpose Senior Centers/Focal Points including NY Connects /Aging and Disability Resource Centers (ADRC). Note please include centers operating in your community independently of your AAA.

In the columns provide, check if it is a Senior Center and/or Focal Point, if the site receives Title III funds and an estimate of the funds provided. If a site is an AAA subcontractor, enter their subcontractor code.

LEGAL ASSISTANCE PROGRAM-CASE PRIORITIES (Page 7)

In the 2012-16 Four Year Plan the AAA, in consultation with the provider(s) of legal assistance identified the priority legal services based upon the program goal(s) and an assessment of the needs of the older adults residing in the PSA, especially individuals with greatest economic or social need. The case priorities are to fill gaps in the availability of legal services to older adults with the greatest needs avoiding duplication of services available to such individuals from other sources.

For the 2013-14 AIP, the AAA is to indicate whether there have been any changes to the legal assistance program case priorities identified in the AAA's Four Year Plan. If there have been changes to the case priorities the AAA is to describe the changes and provide a brief explanation of the reason(s) for the change(s). Possible explanations include:

- There has been a change in the legal services provider;
- The AAA and the provider have identified an unmet need (trends such as consumer debt legal questions, foreclosures, employment related issues, etc.); or
- Reduction in funding or an increased hourly rate that results in a decrease in services that can be provided.

PUBLIC HEARINGS AND AREA AGENCY ON AGING ADVISORY COUNCIL (Pages 7-8)

In preparing the public hearing and presentation to the advisory council please refer to 11-PI-06. This recent program instruction is intended to assist area agencies in holding a better public hearing and involve more of their community in services for older adults.

Questions 1a-d: List the location, date and number of individuals attending each of the public hearings which were conducted for the 2013-14 Plan.

Question 1e: **For New York City only**, please note that section 214 of the Elder Law requires that at least one public hearing be held within each county contained within the City of New York.

Question 2: Summarize efforts undertaken by the AAA to obtain input from older adults who lack access to public hearings or other opportunities to provide feedback to the AAA on available services, service priorities, etc. In particular, note outreach efforts to obtain feedback from those unserved and underserved older adults in greatest social or economic need, particularly those individuals who are, low income, low income minorities, rural residents, older adults with limited English proficiency, Native Americans, those at risk of institutionalization and persons with disabilities (e.g., blind, deaf, visually and/or hearing impaired, etc.)

Question 3: Describe how the AAA notified older adults, service providers and the general public of its public hearing(s) in conjunction with the 2013-2014 Plan. Note, too, efforts made to provide interested parties with the opportunity to testify (for example, holding a hearing during evening hours to provide employed caregivers with an opportunity to testify).

Question 4: Self explanatory

Questions 6: Self explanatory

Please note that the Area Plan must be submitted to the AAA Advisory Council and the Advisory Council be given an opportunity to comment before submission of the Plan to NYSOFA.

AREA AGENCY PROGRAM AND SERVICE INFORMATION (Pages 9-11)

Complete this form for services the AAA intends to administer during this plan period. Please refer to Program Instruction 11-PI-03, "Standard Definitions for Services and Units of Service", dated April 5, 2011.

1. **Nutrition Services** - **Section A** Nutrition Services funded under Title III-C including Title III-E, SNAP, CSE, EISEP, Other:

Note: Attachment C should be completed as necessary.

1a. Changes to meal and food preparation sites:

This question applies to any anticipated changes being considered during the Plan Year.

Check the appropriate box. If yes is checked, complete the information about the planned operational changes noting the type of change (open, close or alter) and date the change is anticipated (quarter of the SFY) in the table. **Complete Attachment C as well.**

1b. and 1c. Use of Registered Dietitians (RD):

The nutrition program requires a registered or registration-eligible dietitian to be on the staff of or working as a consultant for the AAA. Sufficient time and relevant resources must be budgeted for the position of RD to allow the AAA to implement a comprehensive nutrition service plan. The dietitian must be employed for an adequate number of hours to perform all necessary job duties related to assuring the overall health and safety aspects of program operation (including but not limited to menu planning, meal preparation, meal service and delivery) as well as duties related to nutrition screening, counseling and nutrition education. The level of RD service hours per week is determined in consultation with NYSOFA but in no case may be less than eight (8) hours per week. [Sect. 6654.10 (g)] Technical Assistance Memorandum 92-TAM-3, dated 2/26/92, can be used to determine if the current staffing level is adequate.

1b. Enter the total number of hours per week that a RD performs the activities as outlined in Technical Assistance Memorandum 92-TAM-3, dated 2/26/92. If the nutrition provider also has a RD who performs some of the activities outlined in 92-TAM-3, include those hours in the total.

1c. Enter the total hours of RD services that will be provided by a RD who is on staff or a consultant to the AAA. Do not include hours of the RD who is employed by a nutrition or meal program provider.

1d. Check the appropriate cell in the table provided. If there is a vacancy of more than three months' duration and the YES box is checked, provide information on the AAA's plans for filling the position and the date by when it is projected this will occur.

2. Health Promotion Services funded under Title III-D, CSE, CSI, EISEP, Other and the Chronic Disease Self Management Program (CDSMP):

Note: Beginning with federal fiscal year 2012, federal appropriation language requires that Title III-D funding be expended on evidence based programs/interventions only.

If an AAA is selecting and implementing an evidence-based program/intervention to comply with the new federal requirement, the following information may be helpful in making a choice. Review material on the AoA/ACL and NCOA web sites. Both web sites give explanations of evidence-based programs/interventions and provide lists of acceptable program models for implementation. The models presented on these web sites are not an exhaustive list of documented evidence-based programs/interventions. Some are easier to implement and maintain than others,

and some require professional level staff to deliver while others are largely delivered by trained volunteers. NYSOFA urges the AAA to consider each program in light of the experience that your county has had with EBDPs (evidence-based disease prevention programs), budgetary constraints and the needs of your community's older adults.

If AAAs are able to consider evidence-based programs/interventions that meet the Highest-level Criteria for such programs as established for AoA/ACL, NYSOFA suggests implementing one of the CDSMP models or the Matter of Balance Model. These models are being more widely used within the larger health network in the state.

For information about evidence based programs:

Administration on Aging http://www.aoa.gov/AoARoot/AoA_Programs/HPW/Evidence_Based/index.aspx

National Council on Aging <http://www.ncoa.org/improve-health/center-for-healthy-aging/>

2a. Check the appropriate box(es) indicating which health promotion activities the AAA intends to provide with Title III-D, CSE, EISEP, CSI or other funding. If the other box is checked, provide a brief description of the health promotion activities that will be implemented and why the AAA chooses to do this in addition to medication management and other items that have been checked. OAA Sect 102(a)(14) defines "disease prevention and health promotion services": To see this definition go to:

http://www.aoa.gov/AoARoot/AoA_Programs/OAA/oa_full.asp#_Toc153957628

2b. Using the table provided, indicate the evidence-based disease prevention programs that the AAA will fund or otherwise will implement during this planning cycle. Please specify the date the project was begun or is expected to begin, the partners with whom the AAA is collaborating, target population, and the estimated number of participants.

Title III-E: New York Elder Caregiver Support Program – Section B (Pages 11-12)

1. Services for Caregivers of Older Adults Who are 60 and Over and Caregivers for Individuals of Any Age with Alzheimer's disease or Related Disorder. The purpose of this chart is to document the intent to comply with the requirement that at least one service under each service category (i.e., information; assistance; counseling, support groups and training; respite and supplemental services) is available to caregivers as part of the AAA's caregiver program. Please notice that this chart also reflects any services that the AAA plans to provide to caregivers caring for someone younger than 60 with Alzheimer's disease or a related disorder. Since the 2006 amendments to the OAA, AAAs could serve these caregivers in their program. For each service the AAA plans to provide with Title III-E funds, check (√) the III-E column. Complete the columns headed "Other" and "Identify" for the applicable services **only** when the AAA is using other funding sources (i.e., not Title III-E) to meet the requirement noted above.

AAAs may find the information and documents on the Caregiver Program page on AAARIN helpful as it completes this section.

2. Optional Components of Title III-E Caregiver Support Program

This section covers services to older caregivers, who are not the parents, caring for a child. The child may or may not have a disability. It also covers services to older caregivers, who are not the parents, caring for an adult with a disability who is between the ages of 19-59.

These caregivers are generally underserved across the state. Title III-E funds may be used to serve them. NYSOFA strongly encourages each AAA to consider utilizing some of their Title III-E funds to help communities address needs of these caregivers.

Entries require that a check (√) be placed for each special population listed and the specific services to be provided only if the AAA’s III-E plan is designed to serve these populations. If the AAA does not plan to provide services to any of the two special populations listed, check the first box, noting that these services are not applicable.

Note: To the extent possible, the information in the “Title III-E” column on Page 19 should be consistent with the information included in this section of the Plan on the caregiver program and completed using the chart below. For example, if an AAA noted in this section that it will provide Personal Care Levels I and II as respite services, then Lines 1a. and 1b. in the “Title III-E” column on Page 19 would be completed. However, there are instances where the specificity in this section is not available on Page 19. For example, while social adult day and adult day health are listed in the chart on Page 11, the service on Page 19 is adult day services; thus an AAA that noted that it plans to provide social adult day and/or adult day health on Page 11 would complete Line 5 on Page 19.

Please note that “public information” included under the services category “information” in question 1 of this section would be included on Line 21 “Other Services” on Page 19. This is similar to where “public information” that is planned to be provided under other sources would be included.

The following chart is designed to provide further guidance in this area.

***“Other” services must also be described on Page 18.**

General Rule:

Defined Services: are those defined in the Standard Definitions 11-PI-03. These defined services are shown on Pages 19 & 20, lines 1-19 of the Plan.

“Other” Services: are those NOT defined in the Standard Definitions 11-PI-03. These “other” services are NOT shown on Pages 19 & 20, lines 1-19 of the Plan.

If a service that the AAA is going to provide is a service that is defined on lines 1-19 then it needs to be placed on the appropriate line in the III-E Column.

For Example:

- The AAA provides Assisted Transportation as a supplemental service under III-E. As Assisted Transportation is listed on Page 19 on line 9, the Units & Funding should appear on line 9 in the III-E Column.
- The AAA provides “Grab Bars” as a supplemental service under III-E. “Grab Bars” are considered equipment. There is no corresponding line on Page 19 for equipment. Therefore the Funding would appear on line 21 in the III-E Column.

State Funded Caregiver Resource Center (only applies to AAAs with NYS funded CRC programs: Broome, Cattaraugus, Clinton, Cortland, Fulton, Genesee, Madison, Monroe, Nassau, Onondaga, Orange, Putnam, Rockland, Steuben, Sullivan, Tompkins & Westchester) - Section C (Page 12)

Checkboxes have been provided in this section for AAAs to indicate if there is a designated location for the CRC (such as a room in its suite of offices in the county office building) and to indicate the specific service activities that it plans to carry out with 2013-2014 CRC funding. AAAs should also indicate if there are any special needs populations that will be served (for example, caregivers for older adults with developmental disabilities).

Caregiver Services Funded by Other Sources (e.g., Title III-B, CSE) - Section D (Page 12)

This section should be used to list planned caregiver activities that receive federal, state, local or private funding *other than* Title III-E or CRC funding. Place a check (√) in the appropriate boxes and/or briefly describe any activities for which there is no checkbox.

Health Insurance Information, Counseling and Assistance Program (HIICAP) – Section E (Pages 13-14)

HIICAP will assist Medicare Beneficiaries to identify, understand and enroll in programs and plans, when eligible and appropriate, including the Medicare Prescription Drug coverage, Medicare Prescription Drug Low Income Subsidy (LIS) program, Medicare Advantage plans, Medicare supplemental insurance policies, Medicare Savings Programs, long-term care insurance and financing, and other public and private health insurance coverage options available to Medicare beneficiaries. HIICAP will provide this assistance and conduct related outreach when appropriate for new Medicare enrollees, Special Enrollment Periods (SEPs), and the Annual Enrollment Period. HIICAP should focus efforts on beneficiaries most in need of community-based, one-on-one counseling, considering the needs created by the diversity of Medicare beneficiaries in New York State, including the need for trained counselors who speak languages other than English.

This section of the Plan requires AAAs to complete eight questions on the activities that they plan to carry out during the next fiscal year related to Health Insurance Counseling which incorporate current CMS requirements. Counties are encouraged to provide enough narrative and program descriptions ensuring NYSOFA understanding of the program and thereby, facilitate approval.

Question 1: This question provides NYSOFA with an understanding of how the HIICAP program is structured and administered locally utilizing staff, sites and outreach efforts. Please be as detailed as possible in your response.

Question 2: Please describe at least 3 initiatives the AAA has developed to reach out to Medicare beneficiaries. If new activities are planned for this year of funding include those also.

Question 3: Provide information as required.

Question 4: NYSOFA would like to know how your office has managed, or plans to direct, the increased demand of HIICAP telephone assistance. For example, does the HIICAP program have an answering machine? Do you utilize volunteers or NY Connects/ADRC staff to answer the HIICAP phone line?

Questions 5: Provide the days and hours of operation that HIICAP is available to provide Medicare beneficiaries with one-on-one counseling.

Question 6: This question provides NYSOFA with information on your efforts to recruit volunteers. Be sure to include the names of any organizations that the AAA has partnered with to increase volunteer efforts.

Question 7 and 8: Provide information as required.

Senior Medicare Patrol (SMP) Section F (Page 14)

SMP's objective is to protect, detect and report Medicare and Medicaid fraud and abuse. The Program empowers older adults to protect personal identifying information such as social security and Medicare numbers, review their Medicare Summary Notices for improper billing and report suspected fraud to the proper authorities. Collectively, the work of the HIICAP/SMP helps older adults to be aware, protect vital information and report suspected wrong doing.

Question 1: Briefly explain how the SMP program will include fraud and abuse strategies in one-to-one counseling sessions, outreach events and training/education programs.

Question 2: Briefly describe any new or innovative strategies used in the SMP program.

Question 3: Provide information as required.

Weatherization Referral and Packaging Program (WRAP) Section G (Pages 14-15)

WRAP Packages resources by bringing together many different but complementary services to provide an individualized, comprehensive, long-term solution to the energy problems of the frail and low income older adults.

Question 1: (Program Administration) Please explain any answers where "NO" has been checked.

Question 2: (Staffing) AAAs is required to have a designated a WRAP Coordinator on a year round basis, even if this staff member has other responsibilities.

Question 3: (Outreach) This target population should include vulnerable older adults who have trouble paying their energy bills, who may have accumulated unpaid bills and who have required emergency HEAP payments

Question 4: (Leveraging) Leveraged funds include cash or in-kind services provided by family members, the client, other agencies, volunteers, utilities and local businesses. Please explain any answers where "NO" was checked.

Question 5: (Subcontracting) A copy of the subcontractor agreement must be forwarded to NYSOFA.

Question 6: (Last Resort Funding) Last Resort funding is the amount of funding each county can set aside from their WRAP allocation to be used for urgent energy related repairs when no other funding or resources are available in the community. Requests for the use of these funds for \$1000 or over must be submitted to NYSOFA for approval on Form No. 264. Allowable repairs are listed in 11-PI-04.

Question 7: (Internal Controls) Describe in detail your internal control process for WRAP clients who utilize Last Resorts funding.

General Services Section H (Page 16)

For each service category (1-4), check the type(s) of activity that is/are typically offered by the AAA during the plan period. Insert a brief description regarding any other activities not listed in that service category.

Other NYSOFA Funding and Services Section I (Page 17)

Check the appropriate box for each NYSOFA funded program the AAA administers and enter the amount of funding anticipated for SFY 2013-14 on the line provided. For NYS funded Grants-in-Aid (GIA) programs, the AAA must indicate on which line(s) number(s) these funds are included in the “All Other Programs” column of the Service Delivery and Resource Allocation page. For all programs except GIAs, the appropriate line number(s) on which to include the various program funds is indicated in the far right column.

Note: Include both MIPPA and MIPPA/ADRC program funds on the same line.

NY Connects/ADRC funding associated with Long Term Care Councils should be included under Planning/Implementation/Admin. on Line 22.

Note: These entries do not constitute a program commitment, but instead represent planning for possible activity during the year.

Other Services Section J (Page 18)

Enter the information for additional services provided by the AAA which will be included on Line 21 of the Service Delivery and Resource Allocation Plan. These are services that are not listed in the preprinted service categories (Lines 1-20) of the Service Delivery and Resource Allocation Plan or in “Section I Other NYSOFA Funding and Services”. For each entry follow the format provided. Be sure to include all required information including anticipated funding level and funding source(s). The online version of this section will allow an unlimited number of entries for this section. Examples of “Other Services” might include: public information, senior ID/discount cards, medical equipment loan programs, laundry service, home modifications, home maintenance and TRIAD/SALT (Seniors And Law Enforcement Together) councils. **The total funding included for these services, plus the funding included in “Section I Other NYSOFA Funding and Services” for ‘Line 21’ services, must equal the total amount included on Line 21 “All Other Programs” column of the Service Delivery and Resource Allocation page.**

SERVICE DELIVERY AND RESOURCE ALLOCATION PLAN (Pages 19 & 20)

Note: You may find it helpful to enter information on Pages 19 & 20, off-line, before completing the web-based version of Pages 19 & 20.

The Service Delivery and Resource Allocation information is divided into two pages. The first page (Page 19) contains federal program information for Titles III-B, III-C-1, III-C-2, III-D, and III-E, as well as “Grand Total” columns for all federal, state and “All Other Programs” column. The second page (Page 20) contains state program information for the EISEP, CSE, CSI, and SNAP programs as well as sections for “All Other Programs” administered by the AAA and a breakdown of “Other” funding sources budgeted and administered by the AAA.

***Note:** Page 20 contains a “Grand Total” column for units and a “Grand Total” column for funding and a column for “Number of Individuals to be Served”. Entries in these columns must be the grand total of all of the columns on BOTH Pages 19 and 20 combined. That is, the grand totals should include all federal, state and other sources combined.*

For each service to be provided:

- In the columns provided on Page 19, indicate with a check mark whether each service will be directly provided (Dir) by the AAA using paid and/or volunteer staff or the service will be provided through subcontract (Sub). If a service is to be provided by both methods, check both boxes for that service. AAAs must provide justification for any new directly provided services on Attachment C (except for EISEP-funded Case Management Services).
- In the column provided on Page 19 estimate and enter the number of unduplicated individuals to be served for each service to be provided by the AAA.
- Estimate the number of units of service to be provided **by each funding stream**. These projections should be as accurate as possible and, where applicable, be based on experience. These projections are used as benchmarks for the Consolidated Area Agency Reporting System (CAARS), electronic Client Data, and annual evaluations. Please refer to the Standard Definitions for Services and Units of Service, Program Instruction 11-PI-03, dated 4/5/11, when completing these pages. The units of service and persons served are to reflect AAA administered (including subcontracted) services only. For example, do not include catered meals provided to non-participants.
- For all services on Pages 19 and 20, estimate the total cost of providing each service under each funding stream. Planned expenditures must be allocated to each program under which the AAA expects to provide services. Allocation of costs should be reasonable and consistent with the AAA's methods for allocating costs when requesting reimbursement. To determine reasonableness of cost, divide the cost of the service allocated to each funding stream by the units projected to be served by that funding stream. Generally, the unit costs should be the same for all funding streams. Make adjustments to projected units or funds as appropriate.
- For the “EISEP” column - the units and funding \$ cells in the “EISEP” column are open for many services to accommodate the changes that were made in the regulations for ancillary services that allow an expanded array of services to be funded. The additional services that can be provided as an EISEP- funded ancillary service are as follows:
 - Line 4. Home Delivered Meals
 - Line 5. Adult Day Services

- Line 7. Congregate Meals
 - Line 8. Nutrition Counseling
 - Line 9. Assisted Transportation
 - Line 10. Transportation
 - Line 17. Health Promotion
-
- "All Other Programs" column (Page 20) - include the planned number of units of service and related funding for all other AAA administered funding and the funding source for each NYSOFA service category, regardless of the source. Be sure to include on the appropriate lines the other NYSOFA funded services listed in Section I of the AAA Program and Services Information section and the total amount of funds for all "Other Services", Line 21 from Sections I & J of the AAA Program and Services Information section.

Notes: Do not include the AAA's NSIP funds earned and expended in conjunction with NYSOFA funded programs (III-C, SNAP, CSE, etc.) in the cells under the "All Other Programs" column, Lines 4 and 7, Home Delivered and Congregate Meals, as these funds are now included in the individual program budgets. If the AAA provides additional meals funded with local or other sources of funding, the NSIP funds earned in conjunction with those meal programs, as well as all planned expenditures for those meal programs should be included in the "All Other Programs" column on Lines 4 and/or 7 as appropriate. Please contact your ASR or GMBS 2/ Senior Accountant if additional explanation or guidance is needed in this area.

The units of service, related expenditures and income for meals sold to a Long Term Home Health Care Program (LTHHCP), or any other buy/sell arrangements for meals, may be included in the AAA's Plan in the "All Other Programs" column of the Service Delivery and Resource Allocation Plan page. Meals sold to a LTHHCP, or any other buy/sell arrangements, are not eligible for NSIP reimbursement. AAAs must include the number of LTHHCP (or other non-NSIP eligible buy/sell meals) on the line provided at the bottom of Page 20.

Totals and tie-ins:

On the Federal Programs form (Page 19), entries in the "Grand Total Units" and "Grand Total Funding" columns represent the total of the individual program units and funding for each service added across all of the programs (i.e., federal, state and all other funding).

The total funding for each of the Titles III-B, III-C-1, III-C-2, III-D, and III-E programs should be reasonably close to the total amounts budgeted on the Application for Funding. However, due to the different time periods covered by the Applications for Funding versus the Plan, the total amounts for these programs do not have to match exactly.

The total funding for each of the EISEP, CSE, CSI and SNAP programs must equal the total amounts budgeted on the Application for Funding, Summary Budget, Page 24, Line 9 - Total Budget.

On the State & All Other Programs form (Page 20):

- The total of Line 21 of the "All Other Programs" column must equal the total of the Line 21 services in Section I plus any non-NYSOFA funded services included in Section J of the AAA Program and Services Information section.
- The amount included for LTCOP services, Line 20, must be greater than or equal to the total funding indicated for Title VII and State LTCOP in Section I of the AAA Program and Services Information section.
- The amount included for Information and Assistance, Line 13, must be greater than or equal to the amount of funding indicated for the Line 13 portion(s) of the HIICAP and NY Connects/ADRC programs in Section I of the AAA Program and Services section.

- The amount included for CRC services, Line 19, must be greater than or equal to the total funding indicated for State funded CRC in Section I of the AAA Program and Services Information section.

Note #1. Use of Title III-C Income for Access & Supportive Services: If an AAA budgets expenditures for supportive and/or access services under Title III-C, the amount of those expenditures by each III-C provider must be limited to the amount of contributions generated by the provider. These expenditures may not be funded with federal funds or funds used to match federal funds.

By policy, NYSOFA allows AAAs to fund nutrition related access and supportive services with Title III-C contributions:

- Title C-1--assisted transportation, transportation, information & assistance, outreach, shopping assistance, and senior center recreation & education
- Title C-2-- information & assistance, outreach, and shopping assistance

More than half of the State's AAAs fund one or more supportive services in this fashion.

However, if the actual expenditures for access and supportive services within the AAA's nutrition program exceed total income collected, AAAs risk disallowances and recoument of affected funds. Thus, NYSOFA will continue the practice of carefully monitoring expenditures for these services on a quarterly basis in budgets, vouchers and CAARS reports to make certain they do not exceed total income collected.

Due to the risk of disallowances for overcharges, NYSOFA strongly encourages AAAs to consider implementing alternative approaches for funding access and supportive services during SFY 2013-14 and beyond.

- One option would be for an AAA to fund access and supportive services, now funded with Title III-C income, under its Title III-B budget. The AAA can then utilize the transfer provisions in the Older Americans Act to transfer up to 30% of Title III-C-1 and/or III-C-2 funding to Title III-B to cover these costs and avoid any decrease in funding available for existing Title III-B contracts or directly provided services. (All of the access and supportive services associated with enhancing nutrition programs are allowable under Title III-B.)
- Another option would be to consider whether the supportive and access services now charged to Title III-C could be transferred to the AAA's Community Services for the Elderly (CSE) budget. CSE, like Title III-B, is a very flexible funding stream under which all access and supportive services may be charged.
- AAAs that overmatch nutrition programs can move equal amounts of overmatch and costs for access or supportive services to Title III-B or the "Other" column of their Plan Service Delivery and Resource Allocation Plan.
- Many AAAs fund home delivered and/or congregate meals with local funds reflected in the "Other" column on the Service Delivery and Resource Allocation Plan. The costs for these meals may be moved into Title III-C and the costs for the access and supportive services may be moved to the "Other" column, an even exchange.

For additional information or assistance about implementing the above options for funding of access and supportive services, AAAs should contact their assigned ASR or GMBS2/Senior Accountant.

Note #2. Error checks have been added to the web-based version for Title III-B, III-C1, III-C-2, III-D, III-E, EISEP, CSE, CSI and SNAP.

Please note the EISEP related footnotes noted at the bottom of Page 20 as (d) and (e). Because adult day services can be provided as a non-institutional respite service or an ancillary service, and some services included under in-home contact and support can be provided as non-institutional respite and some as ancillary services, each AAA

that includes adult day services and/or in-home contact and support in their Plan **must complete the footnotes** and indicate the amount of planned funds for each of these services that will be provided as non-institutional respite and the amount that will be provided as ancillary service. This is necessary for the automatic calculation check of the percentage of planned expenditures for ancillary services on Page 24. Please note that the sum of the adult day services funds allocated to non-intuitional respite and ancillary services must equal the amount on Line 5 in the “EISEP” column, and the sum of in-home contact and support allocated to non-institutional respite and ancillary services must equal the amount on Line 15 in the “EISEP” column.

For the “EISEP” column:

Line 5 enter the units of, and funding for, adult day services provided to EISEP clients as non-institutional respite and/or as an EISEP funded ancillary service. As described earlier, please note the footnote at the bottom of the page that must be completed.

Line 15 enter the units of, and funding for, in-home contact and support activities provided to EISEP clients as non-institutional respite (i.e., supervision) and/or ancillary services (e.g., shopping assistance). As described earlier, please note the footnote at the bottom of the page that must be completed.

Line 21 enter only funding for the ancillary services as included in Section I “Other NYSOFA Funding and Services” of the AAA Program & Services Information section. These "Other" ancillary services should be entered in the "EISEP" column, not in the "All Other Programs" column. (Only those services that do not fit on Lines 1-20 should be included here.)

**APPLICATIONS FOR FUNDING
AREA AGENCY SUMMARY BUDGET and SUPPORTING BUDGET SCHEDULES
(Pages 22-29)**

The Applications for Funding consist of three Summary Budget pages, one page for the federal programs: Titles III-B, III-C-1, III-C-2, III-D and III-E (Page 21), one page for the state programs: EISEP, CSE, CSI, SNAP, CRC, State Transportation (Page 24) and one page for the HIICAP and WRAP programs (Page 27).

Specific Program Requirements:

1. Enter the amount budgeted for Title III-E Grandparents Caring for Children (do not include expenditures for grandparents and other older relatives caring for individuals with disabilities between ages 19-59) and Title III-E Supplemental Services at the bottom of Page 21.
2. The Federal Funds budgeted for Area Plan Administration at the bottom of Page 21 will be automatically calculated on the web-based version.
3. The In-Home Services and Ancillary Services percentages for EISEP at the bottom of Page 24 will be automatically calculated on the web-based version. (For information on how to manually calculate these percentages see EISEP Services Worksheet on Pages 29 & 30 of this *Guide*.)

Each page contains a space entitled “Date Revised” on the upper right corner which must be completed when preparing budget modifications.

The summary budget information is obtained from additional supporting budget pages, two each for federal (Pages 22 & 23), state (Pages 25 & 26) and the HIICAP and WRAP funded programs (Pages 28 & 29), as well as the Personnel Roster, Equipment Schedule, Rental Allocation Schedule and Subcontract Roster.

Enter the budgeted amounts for each program from the following categories on the Summary Budget.

1. Personnel

The personnel amounts for the applications for funding are taken directly from the Personnel Roster and are not shown on the supporting budget schedules.

Personnel Roster (Page 30)

The roster must reflect all AAA and sponsor positions funded either totally or in part through grants administered by NYSOFA. In-kind positions should be included on the roster. (Use an asterisk to identify in-kind personnel.) Title V (SCSEP) administrative staff should also be included; however, Title V enrollees should not be included. The roster reflects salary only; do not include fringe benefits. The roster period is the same as the fiscal year of the AAA. For example, if the AAA is sponsored by a county government which uses the calendar year as its fiscal year, then the roster period would be 1/1/13-12/31/13.

When completing the distribution of personal services costs to the various funding streams and cost categories, (i.e., between administration and services), the AAA must utilize the results of their monthly personal services time studies as a basis for the distributions. AAAs should be careful to charge only appropriate personal services to the various categories regardless of any funding limitations for the various programs. If the results of time studies indicate that an AAA is over the allocation level (services, administration, or total) of a particular program, you may consider charging those additional costs to local funds or the more general Title III-B and CSE programs, if appropriate. If the results of time studies indicate that an AAA has more than allowable administrative costs under a particular program, you will need to absorb these costs at the local level or re-examine the number of positions or amount of effort spent on administrative activities.

In-kind positions at the AAA level should be included on the roster. In order to be considered in-kind, the service must be contributed by a third party (a party not receiving funds through NYSOFA grants) without charge to the AAA or its subcontractors. There must be a formal agreement with the party to make personnel available for a specified number of hours or percentage of time at no direct cost to the AAA.

The formal agreement must specify the personnel involved, including name, title, total annual salary, total fringe benefits, and the time allocated to the program (percentage of time and dollar amounts). There must be a traceable cash expenditure for personal services made by the contributing organization employing such personnel. The salaries must be paid from funds which are otherwise allowable as local matching funds in accordance with the applicable regulations. Individual time records must be maintained by the project. A copy of the formal agreement must be submitted to NYSOFA with appropriate application(s) for funding or within thirty (30) days of executing the agreement.

Instructions for Completion of Personnel Roster

For each employee, list his or her name, title, and annual salary. Please note: titles must be entered using the drop down box provided. (While we recognize that these titles may not exactly match the title within the AAA, please select a title that most closely reflects the individual's position.) If a position is vacant, list the title and annual salary. The annual salary is the salary in effect at the beginning of the roster period. Pay raises scheduled to occur during the roster period will be reflected in the summary budgets under "Adjustments to Personnel Roster." Indicate with *** AAA staff designated or responsible for nutrition program oversight and/or operations.

The annual salary is allocated equitably among the various funding sources by both percentage and dollar amount. The dollar amount allocated to a column includes federal and/or state funds, income and matching funds. There

are columns with preprinted headings for the major NYSOFA funded programs. The last column is labeled "Other Funding" and should reflect any portion of an individual's salary funded through another NYSOFA grant or any other funding source. The following codes should be used to identify other sources of funding:

1	Title VII	6	State Caregivers (CRC)	11	NY Connects/ADRC	16	Other, Specify:
2	Title V	7	State LTCOP	12	State Transportation	17	Other, Specify:
3	WRAP	8	Retired & Senior Volunteer Program (RSVP)	13	County Funds	18	Other, Specify:
4	Title III-D	9	State Respite Program	14	MIPPA	19	Other, Specify:
5	CSI	10	HIICAP	15	Other, Specify:	20	Other, Specify:

When entering an amount under the “Other Funding” column, please use one or more of the codes to identify the funding sources. The percentages shown for each position must add up to 100%. Also, the sum of the dollar amounts allocated to the various funding sources must equal the annual salary for that position. Salaries should be allocated in whole dollar amounts.

At the bottom of each roster page, insert the subtotal for each column on that page. On the first page only, complete the “Grand Total” line (equals the sum of the Subtotals). **NOTE:** The web-based version of the Plan automatically calculates this field.

Tie-in to Applications for Funding

When the roster is completed, the information is then used in the preparation of the Applications for Funding as follows:

- The “Grand Total” from the Personnel Roster for each program is carried forward to Line 1, Personnel, of the Summary Budget. In the case of Area Plan Administration, the grand total is allocated to Title III-B, Title III-C-1, Title III-C-2 and/or Title III-E on the Application for Funding.
- On the second line of the Summary Budget enter the anticipated adjustments (if any) to the personnel amounts from the Personnel Roster. Any adjustment(s) to the Personnel Roster must be explained on Attachment E. Two common situations requiring adjustments are pay raises scheduled during the budget period and vacant positions. If a pay raise is scheduled six months into the budget period, calculate the cost of the raise for the last six months and add that amount to the roster total. Likewise, if a position will be vacant for two months, determine the salary savings that will be realized during this period and subtract this amount from the roster total.
- On the third line of the Summary Budget enter the "Adjusted Personnel" amount which is the net amount of personnel costs to be charged to the program. **NOTE:** The web-based version of the Plan automatically calculates this field.

In summary, the roster reflects the personnel costs if salaries remain constant throughout the roster period and all positions are filled. Generally, AAAs will complete the roster only one time; the adjustments are used to determine the actual dollars needed for personnel costs during the budget period.

2. Fringe Benefits

The applications do not require a breakdown for each fringe benefit cost. Rather, the total cost of fringe benefits and the composite percentage is required for each program on the Summary Budget pages. Do not include the cost of vacation, sick leave, or other leaves in the fringe benefit category. The composite percentages listed on the

Summary Budget should be computed by dividing the total fringe benefit cost by the total annual salary cost for each program. If the composite fringe benefit percentage for an individual program exceeds the maximum fringe benefit percentage included on Attachment E – Fringe Benefit Percentage by more than 15%, the reason for the deviation(s) **must** be explained on Attachment E.

3. Equipment

The equipment amounts for the Applications for Funding are taken directly from the Equipment Schedule and are not shown on the supporting budget schedules.

Equipment Schedule (Page 31)

This schedule must reflect all AAA equipment funded either totally or in part through grants administered by NYSOFA. (The equipment roster should not include items purchased for clients as ancillary services under EISEP.) The schedule period is the same as the fiscal year of the AAA. For example, if the AAA is sponsored by a County government that uses the calendar year as its fiscal year, then the schedule period would be 1/1/13-12/31/13. Funds may be used to purchase or lease equipment essential to the operation of the project. To be classified as equipment, an item must have a useful life of more than one year and a unit cost of \$1,000 or more. Transportation and delivery charges are a proper part of equipment costs. In the case of leased equipment include only those items for which the annual rental cost equals or exceeds \$1,000.

The budgeted cost for purchases of equipment items with a unit cost of less than \$1,000 must be aggregated and entered on the Maintenance and Operation section of the appropriate Supporting Budget Schedule, Line 5D, ‘Equipment Costing Less than \$1,000’.

NOTE: Vehicle purchases may not be charged to the State Transportation Program.

Instructions for Completion of Equipment Schedule

For each piece of equipment with a unit cost or annual rental of \$1,000 or more, briefly describe the equipment item and list the quantity, unit price and total cost. The dollar amount allocated to a column includes federal and/or state funds, income and matching funds. There are columns with preprinted headings for each of the major NYSOFA funded programs. The last column is labeled "Other Funding" and should reflect any portion of an equipment item funded through another grant or any other funding source. The following codes should be used to identify other sources of funding:

1	Title VII	6	State Caregivers (CRC)	11	NY Connects/ADRC	16	Other, Specify:
2	Title V	7	State LTCOP	12	State Transportation	17	Other, Specify:
3	WRAP	8	Retired & Senior Volunteer Program (RSVP)	13	County Funds	18	Other, Specify:
4	Title III-D	9	State Respite Program	14	MIPPA	19	Other, Specify:
5	CSI	10	HIICAP	15	Other, Specify:	20	Other, Specify:

When entering an amount under the “Other Funding” column, please use one or more of the codes to identify the funding sources. The sum of the dollar amounts allocated to the various funding sources, columns 4 through 12, must equal the “Total Cost”, column 3. The costs should be allocated in whole dollars.

Tie-in to Applications for Funding

When the Equipment Schedule is completed, the information is then used in the preparation of the applications for funding. The totals from the Equipment Schedule are carried forward to Line 3, Equipment on the Summary Budget for each program.

4. Travel

The travel category is not included on the Supporting Budget Schedules for any of the programs. Enter the total amount budgeted for travel costs including mileage, lodging, meals, public transportation, gas and oil and other travel costs under each program on the Summary Budget pages. The AAA's written policies governing travel reimbursement for employees, volunteers and advisory committee members must be submitted to the State Office for the Aging with the Plan. Attachment E must be completed to explain changes to the AAA's travel reimbursement policy during any of the annual updates.

5. Maintenance and Operations (M & O)

Before listing an amount for M&O on the Summary Budget, the Supporting Budget Schedule must be completed to identify the costs to be charged under M&O. This schedule includes a number of the most common charges incurred in this category. AAAs must list the budgeted amount for each item they expect to incur including:

- Rental costs from the Rent Allocation Schedule must be included on Line 5A
- Any adjustments to rent costs such as expected rent increases, vacancy or increases in maintenance charges must be included on Line 5B
- The aggregate cost of all equipment costing less than \$1,000 must be included on Line 5D
- Additional anticipated expenses not pre-printed on Lines 5A - 5J must be included on Lines 5K, 5L or 5M and must be specified as to the type of cost

Rental Costs (Lines 5A and 5B)

Two separate lines are included in the rent category to represent the total rental costs applicable to each program. Line "A. Rental Costs from the Rent Allocation Schedule" reflects the "Grand Total" amount taken from the Rent Allocation Schedule for each program. Line "B. Adjustments to Rental Costs" reflects any adjustments to the total rental costs, such as anticipated rental increase, anticipated increase in utility costs, etc.

The Rent Allocation Schedule must reflect all AAA rentals and related costs, i.e., rent, maintenance-in-lieu of rent (including utilities /janitorial services), funded either totally or in part through grants administered by the NYSOFA. The schedule period is the same as the fiscal year of the AAA. For example, if the AAA is sponsored by a county government which uses the calendar year as its fiscal year, then the schedule period would be 1/1/13-12/31/13.

Actual cash expenditures by grantees for space rental, maintenance, janitorial services and utilities are allowable. The rental cost of space in a privately owned building is allowable. For AAAs that are part of local government, rent for a publicly owned building can be charged only if a "rental rate" system that adequately reflects actual costs is employed. Any type of actual cost (e.g., maintenance or interest paid) included in rental charges may not also be charged elsewhere. In the case of sponsor (government or non-profit organization) owned property, maintenance-in-lieu of rent can be charged back to the appropriate program. There is a separate line to complete on

the Rent Allocation Schedule if maintenance-in-lieu of rent will be charged. The allocation basis for maintenance-in-lieu of rent charges must be on file at the AAA for review.

Costs for building purchases or construction originally financed by the federal government (state government for CSE, EISEP, CSI and SNAP) are not to be included. When donated premises are used as part of the local matching funds, there must be a formal agreement between the sponsor and the organization furnishing the premises. The formal agreement must specify the amount of square footage involved, the utilities, janitorial services and other maintenance furnished, and the cost basis used in determining costs.

In-kind rentals. In order for donated premises to be considered as in-kind, the usage must be contributed by a third party (a party outside the aging network) without charge to the AAA or its subcontractors. (For example, space in a county-owned building that is used by the county office for the aging cannot be in-kind.) Under the following conditions, rent or maintenance-in-lieu of rent for donated premises may be considered as part of the in-kind local match:

- a) There must be a formal agreement between the applicant and the organization. (This must be submitted with the application.)
- b) There must be a traceable cash expenditure or documented valuation for such rental or maintenance claims made by the contributing organization.
- c) The funds used to pay these costs must be otherwise allowable as local matching funds in accordance with the applicable program regulations.

NYSOFA does not require submission of rental agreements; however, they must be on file at the AAA for review.

Instructions for Completion of Rent Allocation Schedule (Page 32)

For each location, list the address and owner of the facility. The annual total is the rent in effect at the beginning of the schedule period. Any adjustments that occur during the schedule period will be reflected in the supporting budget schedules under "Maintenance & Operations 5B. Adjustments to Rental Costs." Examples of adjustments are a scheduled increase in rent during the year or an anticipated increase in utility cost.

The total of the annual rent, utility, janitorial services and/or maintenance-in-lieu of rent is allocated among the various funding sources by both percentage and dollar amount. Space rental charges must be allocated to the programs benefitting from the space costs, based on the square footage utilized for each program. The dollar amount allocated to a column includes federal and/or state funds, income and matching funds. There are columns with preprinted headings for the major NYSOFA funded programs. There is a column that can be used to identify other NYSOFA administered funding sources. The following codes should be used to identify these programs:

1	Title VII	6	State Caregivers (CRC)	11	NY Connects/ADRC	16	Other, Specify:
2	Title V	7	State LTCOP	12	State Transportation	17	Other, Specify:
3	WRAP	8	Retired & Senior Volunteer Program (RSVP)	13	County Funds	18	Other, Specify:
4	Title III-D	9	State Respite Program	14	MIPPA	19	Other, Specify:
5	CSI	10	HIICAP	15	Other, Specify:	20	Other, Specify:

When entering an amount under the "Other Funding" column, please use one or more of the codes to identify the funding sources. The percentages shown for each rental cost must equal 100%. Also, the sum of the dollar amounts allocated to the various funding sources, columns 2 through 9, must equal the annual total amount, column 1. The costs should be allocated in whole dollars.

Tie-in to Applications for Funding

When the Rent Allocation Schedule is completed, the grand totals are carried forward to Line 5A, of the "Maintenance and Operations" category in the supporting budget schedules. **Note:** The M&O Supporting Budget Schedule includes estimates of individual items of cost expected to be incurred in this category. Budgets will be monitored and budget modifications required based on the total M&O category for each program, not the individual budget items.

The total "Maintenance & Operations" line from the Supporting Budget Schedule for each program must be entered in the "M&O" line of the Summary Budget for each program.

6. Other Expenses

Before listing an amount for "Other Expenses" on the Summary Budget, the Supporting Budget Schedule must be completed to identify the costs to be charged under 'Other Expenses'. This schedule includes a number of the most common charges incurred.

This category includes only those expenditures that do not properly fit under other cost categories such as M&O. These are generally annual or one-time types of costs.

Examples are:

- a) Audits
- b) Bonding
- c) Conference, meeting, seminar and training sessions conducted or attended by the applicant which are directly related to assisting the applicant in carrying out AAA responsibilities. (Note: Mileage and per diem reimbursements for these activities should be budgeted under the Travel category).
- d) Membership dues in organizations directly related to AAA activities and subscriptions. (Note: Membership and subscriptions must be for the applicant agency and not for individuals.)
- e) Minor alterations or renovations.
- f) Other anticipated costs - list the type of cost in the space provided. In the "EISEP Services" column, include Ancillary Services (equipment, assistive devices, PERS and/or Other) not provided under a subcontract.

7. Subcontracts

The subcontract amounts for the Summary Budget pages are taken directly from the Subcontractor Roster and are not shown on the Supporting Budget Schedules.

Subcontractor Roster (Page 33)

The Subcontractor Roster provides a listing of all the AAA's subcontractors currently in NYSOFA's database. For all major NYSOFA programs, space is provided to enter the total amounts of funds to be awarded to each contractor.

- Review the list of subcontractors and check if the contractor will be active or inactive during the Plan period.
- If a new subcontractor is replacing an existing one or if a subcontractor changes its name, use the same line and replace the name. (Do not block out the name so that it is unreadable.)
- Complete the 9-digit Employer ID number if not already listed. In the case of individuals **do not** use their social security number, **fill in this field with an alternative 9 digit number, e.g. use zeros**. For businesses and other organizations, this should be their tax identification number.
- Enter the number of active contracts with this contractor. (e.g., a contractor may have a separate contract for III-B, III-C-1 and CSE and be counted 3 times or have one contract using these funds and be counted once.)
- Enter the dollar amount of the contract (include all sources of funds, i.e., federal, state, local and income) allocated to each funding stream.
- Enter the total dollar amount for each contractor in the cell labeled "Total". Determine the "Grand Total" for each funding stream and carry it forward to the summary budget. The total "Subcontract" amount on Line 7 of each Summary Budget must equal the "Grand Total" amount for that program from the Subcontractor Roster.
NOTE: The web-based version of the Plan automatically calculates this field.
- For New subcontractors, complete all of the required Subcontractor Information:
 - Contractor name,
 - Contractor address,
 - Assign the contractor Code – this should be the next chronological number after your current highest contractor code,
 - Enter the Employer ID number (9 digits),
 - Enter the number of contracts with this contractor,
 - Indicate the contractor type,
 - Indicate Active and New,
 - Indicate if Minority or Rural contractor,
 - Enter the appropriate amount of funding under each funding stream used to reimburse the contractor, and
 - Enter the service(s)

Some of these fields are not shown on the hard copy of the Subcontractor Roster, however all of this information is required on the web-based version.

- Where the contractor is not yet known, indicate as "To Be Determined" (TBD). Where multiple contractors will be providing the same service but are not known, a single line marked TBD may be used.
- List all services to be provided. Services should be listed using the standard definitions and should relate to the Service Delivery and Resource Allocation Plan (Pages 19 and 20).

NYSOFA reports some of the information included in the Subcontractor Roster in an aggregate form to AoA/ACL in accordance with Standard Assurance 10.1 I. 1).

8. Food/WRAP(Last Resort)

Enter the anticipated costs of raw food purchases only for directly provided nutrition program meals.

Do not include in Line 8 the raw food cost for subcontractor prepared meals; they are incorporated under subcontractors.

Enter the anticipated Last Resort expenditures (WRAP program only).

While NYSOFA recognizes that many AAAs subcontract for the provision of Last Resort services, AAAs must include all Last Resort expenditures on Line 8 of the WRAP Summary Budget. In cases where the subcontractor receives all the Last Resort funds the subcontractor Line 7 should be blank. The subcontractor amount must be inserted in the subcontractor roster (Page 33) under the “other funding” source code for WRAP for non Last Resort funding or WRAP-Last Resort so that the Last Resort funds can be more identifiable.

9. Total Budget

Line 9 of the Summary Budget is the total budgeted costs for each program.

10. Anticipated Income

Before listing an amount for Anticipated Income on the Summary Budget, the Supporting Budget Schedule must be completed to estimate anticipated program income by source. In accordance with program regulations, older adults participating in the CSI, SNAP, State Transportation Program, Title III-B, Title III-C, Title III-D, III-E, HIICAP, WRAP and non-cost sharing clients in the EISEP and CSE programs must be afforded an opportunity to contribute to part or all of the cost of the service received. Anticipated contributions and/or cost share must be included for each program. AAAs that do not include contributions in one or more program budgets must explain this omission. NYSOFA regulations allow for two acceptable methods of using contributions: AAAs may use contributions to provide additional services under the program that generated the contributions or, under State funded programs only, the AAAs may use the contributions to meet matching requirements for the program that generated the contributions. For State funded programs, if any of the contributions are to be used as local match, that amount is entered on the line provided and subtracted from the total income. Contributions may only be used as match when necessary for the AAA to meet the minimum match requirements of a particular program and must be approved by NYSOFA via the application process. AAAs may not use contributions to meet matching requirements under Federal OAA funded programs.

Contributions generated by a nutrition service provider under Titles III-C-1 or III-C-2 may be used by the provider for supportive and/or access services under those programs. For further information, see 03-PI-05, NYSOFA Policy on Program Income, dated 4/22/03. See also Note #1 Use of Title III-C Income for Access & Supportive Services on Page 15 of this *Guide*.

Included in the Anticipated Income section of the EISEP and CSE applications are questions related to cost-sharing revenue that are to be completed. Cost share must be collected under CSE if the AAA is providing CSE-funded EISEP-like in-home and/or non-institutional respite service to clients who started receiving the CSE EISEP-like service after EISEP was implemented in the PSA.

Cost-sharing revenues can be transferred from EISEP to CSE but cannot be transferred from CSE to EISEP. A separate line within the CSE income section is provided to show the amount transferred from EISEP. Cost-sharing revenues cannot be used as matching funds for either EISEP or CSE.

The Supporting Budget Schedule includes a place for "Other Income," that is income other than participant contributions and cost share. Examples of appropriate income to be included on this line are as follows: proceeds from the sale of equipment and supplies, interest earned on advances of grant funds, royalties and other income earned from a copyrighted work and royalties or equivalent income earned from patents or inventions. Other income must be used to offset program expenditures. Proceeds from fund raising activities or miscellaneous grants that are not generated from approvable program activities are more appropriately considered as local matching funds.

Enter the "Total Income" amounts from Line 10 of the Supporting Budget Schedule on the corresponding line of the Summary Budget pages for each program. **NOTE:** The web-based version of the Plan automatically calculates this field.

12. Net Total

Total Budget less anticipated income.

13. Federal/State Funds Requested

Before listing an amount for federal resources on the Summary Budget, complete the Supporting Budget Schedules as follows:

Title III-B, III-C-1, III-C-2: Indicate the amount of carryover funds (Line 12A) from the previous year, the base allocation (Line 12B) for the year the application is being written, any transfer funds (Lines 12C-E), and any supplemental funds (Line 12F). The AAA may request approval for the transfer of funds between the Title III-B and Title III-C programs and between the III-C-1 and III-C-2 programs. Note only current year funds may be transferred.

Note for Titles III-B and III-C: A brief programmatic justification must be submitted on Attachment D for any Title III transfers and for Title III carryovers that exceed 7.5% of the previous year's total Federal award. See Program Instruction 88-PI-17 (3/24/88) regarding Title III carryover. As indicated in 88-PI-17 (3/24/88) the 7.5% applies to the combined carryover for Title III-C-1 and Title III-C-2. For carryovers that exceed 7.5%, the justification should include the reasons why the carryover occurred and the manner in which the carryover is to be utilized such that the annualized level of program operations is kept to a level that can be reasonably sustained in future program years. The description must identify how these funds will be targeted to the priority populations (see 12-PI-08, dated 7/17/12.) As indicated in 93-PI-48, dated 12/29/93, NYSOFA may recoup funds from an AAA's current allocation in instances where excess carryover exists this year and is determined to be a continuing issue. For transfers, describe the purpose for the transfer. Transfer requests between III-B and III-C cannot exceed 30% of the AAA's III-B or III-C FFY 2012 allocation. Transfer requests between Title III-C-1 and III-C-2 should not exceed 40% of the AAA's III-C-1 or III-C-2 FFY 2013 allocation.

Title III-D: Indicate the amount of carryover funds (Line 12A) from the previous year, the base allocation (Line 12B) for the year the application is being written and any supplemental funds. Justification must be provided in Attachment "D" for Title III-D carryover amounts in excess of 25% of the prior year's Federal allocation.

Title III-E: Indicate the amount of carryover funds (Line 12A) from the previous year, the base allocation (Line 12B) for the year the application is being written and any supplemental funds. Justification must be provided in Attachment "D" for Title III-E carryover amounts in excess of 7.5% of the prior year's Federal allocation.

For state funded programs list the following on the State Funds Requested, Line 12 of the Summary Budget:

EISEP: Indicate the State Funds Requested for Implementation and Service activities.

CSE: Indicate the State Funds Requested for Planning & Implementation and Community Services Projects.

CSI: Indicate the State Funds Requested for Administration and Services.

SNAP: Indicate the State Funds Requested for Administration and Services.

CRC (if applicable): Indicate the State Funds Requested for services.

State Transportation Program: Indicate the State Funds Requested for services.

For the HIICAP and WRAP programs, before listing an amount for funding on the Summary Budget, complete the Supporting Budget Schedule as follows:

HIICAP: Indicate the Base Allocation (including Federal, State and SMP funds), Supplement (if any) and total funds requested.

WRAP: Indicate the amount of carryover funds from the previous year, Base Allocation, Supplement (if any) and total Federal funds requested.

Note: Until final allocation schedules are issued by the State Office, AAAs should use the tentative allocations provided by the Office in completing their Applications for Funding.

14. Local Matching Funds

Before listing an amount on the Summary Budget, indicate each source and amount of local matching funds on the Supporting Budget Schedules. For the State funded CSE, EISEP and CSI programs contributions may be used as local match in certain circumstances and must be indicated on the appropriate line. When contributions are used as local match, the total local match shown, including match from other sources, should meet the minimum match requirement only. In accordance with NYSOFA policy, when submitting reimbursement claims, all other sources of matching funds must be utilized before contributions are used as match. As noted above, contributions may not be used as local match for any of the federally funded OAA programs. Be sure to identify all in-kind matching funds (see Pages 17 & 21 of this *Guide* for information regarding allowable in-kind funds) in the space provided. For Titles III-B, III-C-1, III-C-2, III-D and III-E note that Federal funds may not be used to earn Federal funds; State funds may not be used to earn State funds; nor can the same local funds be used as local match under more than one program. Refer to the appropriate regulations for more information on what comprises allowable local match.

The minimum match required is listed on each allocation schedule for CSE, CSI and EISEP. The following formula and example is designed to assist in your determination of the MINIMUM amount required for Matching Funds under Titles III-B, III-C-1, III-C-2, III-D and III-E. *Please note for III-D, Area Plan Administration is not allowable.* The following example assumes \$100,000 in Title III-B federal funds available for the program year.

Total Federal Award (includes carryover)	\$ 100,000
Minus amount intended for Area Plan Administration	- <u>19,000</u>
Funds to be used for services	\$ 81,000 [A]
Divide by 90% (.90)=	
Amount in budget for services (Federal & Local)	\$ 90,000 [B]
(Divide by 75% (.75) for Title III-E services)	

Area Plan Administration (APA)	\$ 19,000 [C]
Divide by 75% (.75)=	
Amount in budget for APA (Federal & Local)	\$ 25,334 [D]
*Required Minimum Match is: (B+D)	\$ 115,334
minus (A+C)	- <u>100,000</u>
	* \$ 15,334

Although a number of NYSOFA grant programs do not require local match, it has been our experience that some AAAs desire to reflect the total cost of the program, including additional local funding expended on the program, within the program budgets. Therefore, the budget forms allow for AAAs to include local funds even under programs where local match is not required.

AAAs must keep in mind that any and all local funds included in program budgets, whether required or not, are subject to all laws, regulations and program policies which govern that program.

11. Nutrition Services Incentive Program (NSIP)

Indicate the dollar amount of NSIP funds projected to be earned based on the number of meals expected to be served during the program year. Include Adult Day Services meals, but not LTHHCP meals (see 11-PI-03, dated 4/5/11, Standard Definitions.) LTHHCP Meals and related expenditures may only be included in the “Other” column of the Service Delivery Resource Allocation Plan, not within NYSOFA program budgets.

On Line 11, do not include costs associated with ineligible meals for NSIP reimbursement. Ineligible meals are meals served to paid staff and guests under 60. Enter the number of ineligible meals on the Service Delivery/Resource Allocation Plan (Pages 19 & 20).

Note: AAAs that receive reimbursement for meals from the Child and Adult Care Food Program (CACFP) should not include these funds as income in the SNAP funding application. AAAs that choose to reflect these funds on the application should enter the amount on the “NSIP/Commodity Food” line with a footnote (see 93-TAM-01, dated 1/4/93.)

Summary Budget

When completing the Summary Budget pages the totals for the following programs must be distributed between the following cost categories:

<u>Program</u>		<u>Cost Categories</u>
III-B	Area Plan Administration	Services (Supportive & In-Home)
III-C-1	Area Plan Administration	Services (Nutrition)
III-C-2	Area Plan Administration	Services (Nutrition)
III-E	Area Plan Administration	Services (Caregiver)
EISEP	Implementation	Service Activities
CSE	Planning & Implementation	State Services Project Activities
CSI	Administration	Services
SNAP	Administration	Service Activities

Area Plan Administration/Planning & Implementation Costs

AAA expenditures which cannot be directly associated with the provision of services, but which relate primarily to the administration of the AAA must be charged to Area Plan Administration (Title III), Implementation (EISEP), Planning & Implementation (CSE) or Administration (SNAP & CSI). These expenditures include accounting, budgeting, advertising (e.g. employment ads), data processing, insurance, bonding, general office space, equipment, supplies, communications, consultant and management studies, record-keeping, reporting, auditing, printing, utilities, property maintenance, legal expenses and the conducting of public hearings on the Area Plan. Also included are staff salaries and fringe benefits connected with these activities.

For each program be sure that the amounts budgeted for Planning and Implementation or Administration do not exceed the maximum allowable levels for these categories:

- Under the Title III programs, an AAA may budget up to 10% of their total Title III-B, III-C-1, III-C-2, III-D and III-E allocations for Administration. However, all administration costs must be budgeted under III-B, III-C-1, III-C-2 and/or III-E. While the III-D allocation is used to compute the maximum allowable Title III administrative funds, no administrative costs may be budgeted under III-D.
- Under SNAP, the maximum allowable amount budgeted and expended for administration is 5% of the total State funds available.
- Under CSE Planning and Implementation and EISEP Implementation, funds are limited to the specific allocation amount included on the respective tentative allocation schedules. Refer to the tentative allocation schedules for your AAA's allocations.

- Under CSI, the maximum allowable amount budgeted and expended for administration is 5% of the total State funds requested.

EISEP Summary Budget: The web-based version of the Plan automatically calculates the required EISEP In-home Services and Ancillary Services percentages at the bottom of the Summary Budget for EISEP, CSE, CSI, CRC and State Transportation Program (Page 24). A worksheet to assist AAAs in calculating these percentages is included on the next page. Completion of this worksheet is optional and the worksheet is not required to be submitted with the plan package. Contact your ASR or GMBS 2/Senior Accountant if you have questions about the completion of the EISEP Services Worksheet. See section below for instructions for completing the worksheet.

EISEP Services Worksheet Instructions

On Line 1 enter the number of units of each in-home service expected to be provided using EISEP funds (i.e., state aid, local match and anticipated income from cost sharing and contributions) during the year. In estimating the number of units, use the most up-to-date Medicaid rate information available when projecting the number of units to be provided during SFY 2013-14. If approved Medicaid personal care rates for 2013 are not available at the time this plan is being completed, NYSOFA suggests that AAAs use the rate(s) they currently use to reimburse their home care providers. This is for planning purposes only, and the actual approved Medicaid rates for personal care services may be higher or lower than this amount. The in-home service costs must take into account variations, if any, between rates expected to be charged by different subcontractors, any rates other than the basic rates the AAA anticipates paying for in-home services and the costs of supervision of the aides. The service costs must include direct costs, if any, to the AAA, as well as the amounts paid to subcontractors. (NYSOFA does not anticipate that many AAAs will have direct costs for in-home services, except that there may be a few AAAs directly providing in-home services or providing supervision of aides. Contact your ASR or GMBS II/Sr. Acct. for instructions on documenting the supervision cost if the AAA pays the provider for supervision by adding a surcharge to the cost of each unit.)

ATTACHMENTS

Attachment A: Standard Assurances (Pages 35-63)

AAA directors must review the Standard Assurances, sign the certification on the first page and submit only one signed copy of the certification page to NYSOFA with their Plan Review and Approval signature page. AAAs may not modify the Standard Assurances.

Attachment B: Priority Services (Page 64)

The October 1, 2011 - September 30, 2012 Priority Services Expenditure Report must be submitted with, and made part, of the Plan. The minimum percentages for the three priority services are as follows:

Access	20%
In-Home	2.5%
Legal	7%

These minimum percentages are applicable to the total of each AAA's Title III-B FFY 2012 federal services expenditures, the local match required for those expenditures and program income. Note that Area Plan Administration costs are not included for the purposes of these calculations and that allowable CSE and SNAP expenditures may be used to meet the percentage requirements. For the purposes of completing this Attachment, expenditures from these two programs should only be included where necessary to meet the minimum percentages. For additional Access costs you may use SNAP expenditures for transportation, outreach, information & assistance, or case management; for additional In-home costs you may use expenditures for CSE home health aide, in-home contact & support or caregiver services. To the extent that CSE and SNAP expenditures are included under priority services, as defined in the OAA Amendments and also meet Title III-B statutory requirements, (i.e., no means test and must allow voluntary contributions) these expenditures can be used to meet the priority service minimum percentages on this page.

In accordance with federal statutory requirements, priority services for the period 10/1/11 through 9/30/12 are defined as follows:

- Access - Transportation, Outreach, Information & Assistance and Case Management
- In-Home - Personal Care Levels I and II, Home Health Aide, Consumer Directed In-home Services, In-Home Contact and Support and Caregiver Services
- Legal - Legal advice and representation by an attorney (including, to the extent feasible, counseling or other appropriate assistance by a paralegal or law student under the supervision of an attorney), and includes counseling or representation by a non-lawyer where permitted by law, to older adults with economic or social needs.

Note that this report asks for actual expenditures for the latest completed federal fiscal year (10/1/11 through 9/30/12). The following will help in the completion of the form.

To determine Line 6 Over Match:

First calculate the required 10% match by taking the Federal dollars expended on services and divide it by 0.90, then multiply that amount by 0.10. The total minimum match for services will be this figure. Then subtract this figure from the non-federal match amount reported on claims

submitted to and paid by NYSOFA for the October through September period. Enter this amount on your worksheet in Column A, Line 6.

Below is an example of how to recalculate a percentage when adding CSE (or SNAP for Access) expenditures to the III-B amount spent for a priority service:

AAA's III-B service total equals \$50,000. To calculate the required in-home percentage multiply \$50,000 by 0.025, this equals \$1,250. If Column A Line 2 reflects only \$350 of in-home expenditures, which is only 0.7%, the AAA will need to rely on appropriate expenditures for similar services in CSE (or SNAP, in the case of Access).

The difference between \$1,250 and \$350 equals \$900. The \$900 figure must be adjusted to ensure the minimum percentage is still met when recalculated. Any amount included in Column C increases the denominator for the new calculation of that priority service's percentage. The new denominator will equal the III-B amount (Column A Line 7) plus the adjusted CSE (or SNAP) amount for the individual priority service. The adjustment is done as follows: for Access divide the figure by 0.80; for in-home divide by 0.975; for Legal divide by 0.93.

For this in-home example, we divide \$900 by 0.975 to arrive at \$924. If there are appropriate expenditures for similar services, the adjusted amount of CSE (or SNAP) is entered in Column C Line 2. Add Column/Lines A-2 & C-2, then insert the total in Column D Line 2 (\$1,274). The new percentage meets the minimum required, as \$1,274 divided by \$50,924 equals 2.5%. The \$50,924 in the denominator is the sum of III-B program expenditures (\$50,000) plus the adjusted CSE amount of in-home expenditures (\$924).

Note: Since overmatch is not removed from the individual priority services lines, the sum of the priority services percentages may exceed 100% of Line 7, III-B services dollars.

The on-line expenditure report can be obtained via the reporting system following these steps: [1] choose CAARS Quarterly and select any period, [2] under "Tools", click on "Go To Reports", [3] select beginning period, October 01, 2011, [4] select ending period of September 30, 2012, and [5] click on "Expenditures Report".

Attachment C: Program Design Modifications (Pages 65-67)

This attachment must be completed by all AAAs even if no changes are contemplated at this time.

Attachment C is the vehicle to capture planned and proposed major changes, new direct services, new activities and plans for multipurpose senior centers.

This form must be completed for major changes to any Four Year Plan and/or Annual Implementation Plan that have been approved by NYSOFA. Additionally, Attachment C must be submitted and approved by NYSOFA for planned and proposed major changes during a plan period.

Pursuant to section 1321.57(c) of the Older Americans Act regulations, AAAs must submit their Plan and amendments for review and comment to the advisory council before they are transmitted to NYSOFA for approval. Accordingly, any proposed Program Design Modifications should be provided to the AAA's Advisory Council for review and comment.

The AAA should alert the ASR of planned Program Design Modification as soon as possible to allow the state agency to help guide the AAA through this process in a manner that can help the county understand the laws and regulations governing the organization of the AAA. This will prevent delay in the plan approval and funding of programs.

The AAA Director must complete one of the certification sections of Attachment C. If there are no changes anticipated, the second section must be checked. Any Program Design Modifications proposed by the AAA must be approved by NYSOFA before any expenditures can be obligated for such plans.

DEFINITIONS

Program Design Modification: Refers to a Major Change, New Direct Service, New Activity in addition to plans affecting one or more Multi-purpose Senior Centers.

Major Change: Refers to a proposed change(s) in program design for SFY 2013-2014 from what NYSOFA has approved in previous program periods that will significantly impact older adults. It also refers to any planned change(s) for periods covered by future AIPs that will have a significant impact on service delivery to older adults. A significant impact is characterized by the discontinuance of any service, or major changes in:

- service location;
- service providers;
- access to services;
- types of services being offered;
- the manner in which services are provided;
- service levels (increases or decreases of more than 20% in units or expenditures);or,
- changes in administrative operations such as a large scale restructuring of one or more programs, a re-organization, a consolidation, or an agency merger.

If the AAA has questions after reviewing the examples provided below, please contact the ASR to determine whether the type of change the AAA is making is considered a major change, warranting a submission of an Attachment C or an amended Attachment C if the proposed changes would come during the program year.

Examples of Major Changes include the following:

- The reduction of services under the area plan due to county government ordered across-the-board cuts.
- A senior center, adult day service program closes or moves, thereby reducing access to needed services which may have a negative impact on targeted populations including low-income, cultural or ethnic minorities.
- An AAA whose plan focuses more on low-income population, less on 75 or 85 plus, less on ethnic and cultural minorities, decides that all CSE funding should be allocated for transportation - reduces EISEP and SNAP clients, legal services reduced, etc.
- The AAA changes the method of delivering home delivered meals from hot to frozen.
- The AAA is planning to expand their personal emergency response program thanks to a local grant, which will provide many more units to eligible older adults, increasing units of service more than 20%.
- The AAA is notified by the county that it plans to combine the AAA with the local department for youth. Planning for this to happen may or may not be in the immediate plan period..

Examples of actions that would NOT constitute a Major Change:

- A decrease in transportation units due to an unexpected increase in the price of fuel.
- The Nutrition Program for the Elderly sub-contractor moves their administrative headquarters to a new location. No food preparation takes place at this location.
- The AAA's only provider of home delivered meals is changing from Home Cooking Inc. to Best Cooking Inc and no program design modifications will occur as a result of this change.
- One of the AAA's 5 subcontracted home care providers will no longer be providing services because they have gone out of business and access to services will not be significantly impacted.

New Direct Service: Refers to any service to be provided by the AAA directly (as opposed to being provided by a subcontractor) that has not been provided by the AAA and included in the AAA's NYSOFA approved Plan and all annual updates through the 4/1/2012 – 3/31/2013 Plan and all subsequent updates.

Example of New Direct Service includes the following:

- The AAA elects to discontinue their subcontract with the home care agency and plans to directly provide PCA Level I services for their Community Based Long Term Care (CBLTC) clients.
- Beginning in mid-April, the AAA will provide the fixed route transportation service directly and will continue to subcontract for door-to-door service.

New Activity: Refers to any new service or program and changes, including but not limited to, new non-direct services, large scale program restructuring or agency merger or consolidation. These new activities have not been offered or conducted by the AAA or its subcontractors and have not been included in the NYSOFA approved Four Year Plan, including updates through the 4/1/2012 – 3/31/2013 Plan.

Examples of New Activities include:

- The AAA plans to contract with the local Health Department Certified Home Health Agency (CHHA) to establish a Respite program using CSE and III-E funds.
- The AAA plans to provide transportation to dialysis patients via an expansion of the subcontract with the transportation provider.

Multipurpose Senior Centers: Refers to facilities which offer, in one place, a variety of services to older adults, including, but not limited to, meal programs, recreation programs, health/wellness services, legal services, transportation services, etc. If Title III-B funds are involved in the acquisition/construction of such center(s) in your PSA, provide a description of the center(s), including a description of the facility, its operators, its location, anticipated clientele, and nature of programs and services to be offered.

INSTRUCTIONS

For each proposed program design modification, select the relevant choice(s) from the drop-down menus on Attachment C. Please also complete the Certification and Multipurpose Senior Centers sections. Attachment C must be completed in its entirety.

Attachment D: Justification for Title III Carryovers and Title III Transfers (Page 68)

Transfers: AAAs are allowed to transfer funds between Titles III-B and III-C-1 or III-C-2 in an amount up to 30% of the allocation from which the funds are being transferred. AAAs may also transfer funds between Titles III-C-1 and III-C-2 generally in an amount up to 40% of the allocation from which the funds are being transferred.

Provide a justification, describing the purpose of the transfer, for all Title III transfer requests on Attachment D.

Carryover: AAAs must provide justification for Title III-B, Title III-C and Title III-E carryovers in excess of 7.5% and for Title III-D carryover in excess of 25%, in the spaces provided. See Program Instruction 88-PI-17, dated 3/24/88, regarding Title III carryover. As indicated in 88-PI-17 the 7.5% applies to the combined carryover for Title III-C-1 and Title III-C-2. For carryovers that exceed the allowable percentage, the justification should include the reasons why the carryover occurred and the manner in which the carryover is to be utilized such that the annualized level of program operations is not built up to a level that cannot be reasonably sustained in future program years. The description must identify how the carryover funds will be targeted to the priority populations (see 12-PI-08, dated 7/17/12, for further guidance).

Describe how excess carryover funds will be used for targeting (Reference –12-PI-08) those unserved and underserved older adults individuals in greatest social or economic need, particularly those who are low income, low income minorities, rural residents, older adults with limited English proficiency, Native Americans, and frail/persons with disabilities (e.g., blind, deaf, visually and/or hearing impaired, etc.). For example, the following activities represent possible efforts to improve achievement of targeting goals: provision of linguistic interpretation services to persons with limited English proficiency or deaf persons, translation of informational materials for persons with limited English proficiency or development of Braille and audio materials for persons who are visually impaired, etc. **Where the AAA targeting goals have not been met and the AAA will not use carryover funds for additional or expanded targeting efforts, please provide a justification including a description of the specific activities implemented by the AAA to meet targeting goals and outcomes.**

As indicated in 93-PI-48, dated 12/29/93, NYSOFA may recoup funds from the AAA’s current allocation in instances where excess carryover exists this year and is determined to be a continuing issue. Below is an example of how to calculate carryover percentages:

2012 Award levels:

	Title III-C-1	Title III-C-2	Total
Carryover (from 2011)	\$ 5,000	\$ 1,500	\$ 6,500
Base Allocation	70,000	15,000	85,000
Transfer(s)	(2,000)	2,000	-0-
Supplement	-0-	500	500
Total Funding	\$73,000	\$19,000	\$92,000

Projected carryover into 2013:

Title III-C-1	\$4,000
Title III-C-2	\$2,000
Total	\$6,000

Percent of carryover: $\frac{\$ 6,000}{\$92,000} = 6.52\%$

Attachment E: Fringe Benefit and Travel Reimbursement Policies (Page 69)

Complete copies of the AAA's Fringe Benefit and Travel Reimbursement Policies are required to be submitted to NYSOFA with each Four Year Plan. Attachment E must be submitted with this Annual Implementation Plan to describe any major changes to these policies since the last submission.

Under the Fringe Benefit Policy section:

Enter the composite fringe benefit rate to be charged to grant programs for the current year. The fringe benefit rate should include all benefits provided to employees. The rate listed here will reflect the maximum allowable reimbursement assuming that each grant budget can support reimbursement of the same. Fringe benefit rates budgeted and charged to individual grant programs may be less than the full amount allowed, depending on available funding. If the composite fringe benefit percentage for an individual program exceeds the maximum fringe benefit percentage included on Attachment E – Fringe Benefit Percentage by more than 15%, the reason for this deviation **must be explained on Attachment E.**

Under both sections:

Include a brief description of any changes to the AAA’s previous Fringe Benefit or Travel Reimbursement policies.

Personnel Roster and Rent Allocation Schedule Adjustments

Include a complete description of any adjustments made to the personnel or rental costs included on the Personnel Roster and /or Rent Allocation Schedule.

Cost Per Unit

In the SFY 2013-2014 plan, AAAs will be able to review and explain average cost per unit information for each of seven major services: transportation, personal care levels I and II, congregate meals, home delivered meals, case management and adult day services prior to submission of the plan to NYSOFA.

During the initial review of the Plan, NYSOFA fiscal and program staff will examine the proposed CPUs contained in the AAA's SFY 2013-2014 submission against the data from SFY 2012-2013 Plan projection and your SFY 2013-2014 Plan to CAARS data from July 1, 2011 to June 30, 2012 expenditure report. Any average CPUs that vary by 10% or more in the respective areas will be highlighted upon entering your SFY 2013-2014 entries and NYSOFA staff will be reviewing your explanation(s) for the variance(s).

Interpreting the form

The first column is the AAA's CPU projection from the SFY 2012-2013 Plan. The second column represents the CPU projection from the proposed SFY 2013-2014 Plan. The third column will calculate the variance between SFY 2012-2013 and the SFY 2013-2014 Plan. Variances of 10% or more will be represented in color; the AAA will be asked to explain the reason for the variance. The fourth column represents the CPU for each service for the period July 1, 2011 to June 30, 2012, as calculated using actual CAARS and client data. The fifth column represents the variance between SFY 2013-2014 Plan and the expenditures information. Variances of 10% or more will be represented in color; the AAA will be asked to explain the reason for the variance.
