County Data Book

Prepared by the New York State Office for the Aging

Introduction

County Data Book: Selected Characteristics, prepared by the New York State Office for the Aging, provides information about selected demographic characteristics. The County Data Book provides state-level information and county-specific information for each county in New York (note: for New York City, data sets are provided for New York City as a whole, as well as for each of the five boroughs/counties separately.) Technical notes are included in the References section of each report.
