

New York State Office for the Aging

Greg Olsen, Acting Director

# **County Data Book Selected Characteristics**

**New York State**

2011

# County Data Book

Prepared by the New York State Office for the Aging

## Introduction

*County Data Book: Selected Characteristics, prepared by the New York State Office for the Aging, provides information about selected demographic characteristics. The County Data Book provides state-level information and county-specific information for each county in New York (note: for New York City, data sets are provided for New York City as a whole, as well as for each of the five boroughs/counties separately.) Technical notes are included in the References section of each report.*

## Prepared by the New York State Office for the Aging References and Notes

### General:

For the following geographic areas, where the county and PSA are not contiguous, the following applies:

Cataraugus, Chautauqua, Erie, and Franklin Counties:

Demographic data (Table One/Chart One) are for the entire county, including the St. Regis-Mohawk and Seneca Nation PSAs.

St. Regis-Mohawk and Seneca Nation PSAs:

Data in all instances are for the PSA only.

New York City:

Data consolidate the counties for the single PSA.

Warren and Hamilton Counties:

Data consolidate the counties for the single PSA.

### Table One: Demographics

#### Notes:

- (1) Disability counts are estimates prepared by the New York State Office for the Aging.
- (2) Poverty determination based on Bureau of the Census "Poverty Factors" for 2009
- (3) Households with one or more persons age 65 or over (age 65 is the American Community Survey age break for these data).

#### Data Sources:

Year 2010 poverty and housing data:

Poverty data: Bureau of the Census, American Community Survey, 2005-2009 5-year estimates, Table B17024

Housing data: Bureau of the Census, American Community Survey, 2005-2009 5-year estimates, Table B25007

Disability Data

# County Data Book

## Prepared by the New York State Office for the Aging References and Notes

### General:

For the following geographic areas, where the county and PSA are not contiguous, the following applies:

Cataraugus, Chautauqua, Erie, and Franklin Counties:

Demographic data (Table One/Chart One) are for the entire county, including the St. Regis-Mohawk and Seneca Nation PSAs.

St. Regis-Mohawk and Seneca Nation PSAs:

Data in all instances are for the PSA only.

New York City:

Data consolidate the counties for the single PSA.

Warren and Hamilton Counties:

Data consolidate the counties for the single PSA.

### Table One: Demographics

#### Notes:

- (1) Disability counts are estimates prepared by the New York State Office for the Aging.
- (2) Poverty determination based on Bureau of the Census "Poverty Factors" for 2009
- (3) Households with one or more persons age 65 or over (age 65 is the American Community Survey age break for these data).

#### Data Sources:

Year 2010 poverty and housing data:

Poverty data: Bureau of the Census, American Community Survey, 2005-2009 5-year estimates, Table B17024

Housing data: Bureau of the Census, American Community Survey, 2005-2009 5-year estimates, Table B25007

# County Data Book

Prepared by the New York State Office for the Aging

## Introduction

*County Data Book: Selected Characteristics, prepared by the New York State Office for the Aging, provides information about selected demographic characteristics. The County Data Book provides state-level information and county-specific information for each county in New York (note: for New York City, data sets are provided for New York City as a whole, as well as for each of the five boroughs/counties separately.) Technical notes are included in the References section of each report.*

## Prepared by the New York State Office for the Aging References and Notes

### General:

For the following geographic areas, where the county and PSA are not contiguous, the following applies:

Cataraugus, Chautauqua, Erie, and Franklin Counties:

Demographic data (Table One/Chart One) are for the entire county, including the St. Regis-Mohawk and Seneca Nation PSAs.

St. Regis-Mohawk and Seneca Nation PSAs:

Data in all instances are for the PSA only.

New York City:

Data consolidate the counties for the single PSA.

Warren and Hamilton Counties:

Data consolidate the counties for the single PSA.

### Table One: Demographics

#### Notes:

- (1) Disability counts are estimates prepared by the New York State Office for the Aging.
- (2) Poverty determination based on Bureau of the Census "Poverty Factors" for 2009
- (3) Households with one or more persons age 65 or over (age 65 is the American Community Survey age break for these data).

#### Data Sources:

Year 2010 poverty and housing data:

Poverty data: Bureau of the Census, American Community Survey, 2005-2009 5-year estimates, Table B17024

Housing data: Bureau of the Census, American Community Survey, 2005-2009 5-year estimates, Table B25007

# County Data Book

Prepared by the New York State Office for the Aging

## Introduction

*County Data Book: Selected Characteristics, prepared by the New York State Office for the Aging, provides information about selected demographic characteristics. The County Data Book provides state-level information and county-specific information for each county in New York (note: for New York City, data sets are provided for New York City as a whole, as well as for each of the five boroughs/counties separately.) Technical notes are included in the References section of each report.*

## Prepared by the New York State Office for the Aging References and Notes

### General:

For the following geographic areas, where the county and PSA are not contiguous, the following applies:

Cataraugus, Chautauqua, Erie, and Franklin Counties:

Demographic data (Table One/Chart One) are for the entire county, including the St. Regis-Mohawk and Seneca Nation PSAs.

St. Regis-Mohawk and Seneca Nation PSAs:

Data in all instances are for the PSA only.

New York City:

Data consolidate the counties for the single PSA.

Warren and Hamilton Counties:

Data consolidate the counties for the single PSA.

### Table One: Demographics

#### Notes:

- (1) Disability counts are estimates prepared by the New York State Office for the Aging.
- (2) Poverty determination based on Bureau of the Census "Poverty Factors" for 2009
- (3) Households with one or more persons age 65 or over (age 65 is the American Community Survey age break for these data).

#### Data Sources:

Year 2010 poverty and housing data:

Poverty data: Bureau of the Census, American Community Survey, 2005-2009 5-year estimates, Table B17024

Housing data: Bureau of the Census, American Community Survey, 2005-2009 5-year estimates, Table B25007

# County Data Book

## Prepared by the New York State Office for the Aging References and Notes

### General:

For the following geographic areas, where the county and PSA are not contiguous, the following applies:

Cataraugus, Chautauqua, Erie, and Franklin Counties:

Demographic data (Table One/Chart One) are for the entire county, including the St. Regis-Mohawk and Seneca Nation PSAs.

St. Regis-Mohawk and Seneca Nation PSAs:

Data in all instances are for the PSA only.

New York City:

Data consolidate the counties for the single PSA.

Warren and Hamilton Counties:

Data consolidate the counties for the single PSA.

### Table One: Demographics

#### Notes:

- (1) Disability counts are estimates prepared by the New York State Office for the Aging.
- (2) Poverty determination based on Bureau of the Census "Poverty Factors" for 2009
- (3) Households with one or more persons age 65 or over (age 65 is the American Community Survey age break for these data).

#### Data Sources:

Year 2010 poverty and housing data:

Poverty data: Bureau of the Census, American Community Survey, 2005-2009 5-year estimates, Table B17024

Housing data: Bureau of the Census, American Community Survey, 2005-2009 5-year estimates, Table B25007

# County Data Book

## Prepared by the New York State Office for the Aging References and Notes

### General:

For the following geographic areas, where the county and PSA are not contiguous, the following applies:

Cataraugus, Chautauqua, Erie, and Franklin Counties:

Demographic data (Table One/Chart One) are for the entire county, including the St. Regis-Mohawk and Seneca Nation PSAs.

St. Regis-Mohawk and Seneca Nation PSAs:

Data in all instances are for the PSA only.

New York City:

Data consolidate the counties for the single PSA.

Warren and Hamilton Counties:

Data consolidate the counties for the single PSA.

### Table One: Demographics

#### Notes:

- (1) Disability counts are estimates prepared by the New York State Office for the Aging.
- (2) Poverty determination based on Bureau of the Census "Poverty Factors" for 2009
- (3) Households with one or more persons age 65 or over (age 65 is the American Community Survey age break for these data).

#### Data Sources:

Year 2010 poverty and housing data:

Poverty data: Bureau of the Census, American Community Survey, 2005-2009 5-year estimates, Table B17024

Housing data: Bureau of the Census, American Community Survey, 2005-2009 5-year estimates, Table B25007

# County Data Book

Prepared by the New York State Office for the Aging

## Introduction

*County Data Book: Selected Characteristics, prepared by the New York State Office for the Aging, provides information about selected demographic characteristics. The County Data Book provides state-level information and county-specific information for each county in New York (note: for New York City, data sets are provided for New York City as a whole, as well as for each of the five boroughs/counties separately.) Technical notes are included in the References section of each report.*

# County Data Book

## Prepared by the New York State Office for the Aging References and Notes

### General:

For the following geographic areas, where the county and PSA are not contiguous, the following applies:

Cataraugus, Chautauqua, Erie, and Franklin Counties:

Demographic data (Table One/Chart One) are for the entire county, including the St. Regis-Mohawk and Seneca Nation PSAs.

St. Regis-Mohawk and Seneca Nation PSAs:

Data in all instances are for the PSA only.

New York City:

Data consolidate the counties for the single PSA.

Warren and Hamilton Counties:

Data consolidate the counties for the single PSA.

### Table One: Demographics

#### Notes:

- (1) Disability counts are estimates prepared by the New York State Office for the Aging.
- (2) Poverty determination based on Bureau of the Census "Poverty Factors" for 2009
- (3) Households with one or more persons age 65 or over (age 65 is the American Community Survey age break for these data).

#### Data Sources:

Year 2010 poverty and housing data:

Poverty data: Bureau of the Census, American Community Survey, 2005-2009 5-year estimates, Table B17024

Housing data: Bureau of the Census, American Community Survey, 2005-2009 5-year estimates, Table B25007

# County Data Book

## Prepared by the New York State Office for the Aging References and Notes

### General:

For the following geographic areas, where the county and PSA are not contiguous, the following applies:

Cataraugus, Chautauqua, Erie, and Franklin Counties:

Demographic data (Table One/Chart One) are for the entire county, including the St. Regis-Mohawk and Seneca Nation PSAs.

St. Regis-Mohawk and Seneca Nation PSAs:

Data in all instances are for the PSA only.

New York City:

Data consolidate the counties for the single PSA.

Warren and Hamilton Counties:

Data consolidate the counties for the single PSA.

### Table One: Demographics

#### Notes:

- (1) Disability counts are estimates prepared by the New York State Office for the Aging.
- (2) Poverty determination based on Bureau of the Census "Poverty Factors" for 2009
- (3) Households with one or more persons age 65 or over (age 65 is the American Community Survey age break for these data).

#### Data Sources:

Year 2010 poverty and housing data:

Poverty data: Bureau of the Census, American Community Survey, 2005-2009 5-year estimates, Table B17024

Housing data: Bureau of the Census, American Community Survey, 2005-2009 5-year estimates, Table B25007

# County Data Book

Prepared by the New York State Office for the Aging

## Introduction

*County Data Book: Selected Characteristics, prepared by the New York State Office for the Aging, provides information about selected demographic characteristics. The County Data Book provides state-level information and county-specific information for each county in New York (note: for New York City, data sets are provided for New York City as a whole, as well as for each of the five boroughs/counties separately.) Technical notes are included in the References section of each report.*

For the following geographic areas, where the county and PSA are not contiguous, the following applies:

Cataraugus, Chautauqua, Erie, and Franklin Counties:

Demographic data (Table One/Chart One) are for the entire county, including the St. Regis-Mohawk and Seneca Nation PSAs.

St. Regis-Mohawk and Seneca Nation PSAs:

Data in all instances are for the PSA only.

New York City:

Data consolidate the counties for the single PSA.

Warren and Hamilton Counties:

Data consolidate the counties for the single PSA.

### Table One: Demographics

#### Notes:

- (1) Disability counts are estimates prepared by the New York State Office for the Aging.
- (2) Poverty determination based on Bureau of the Census "Poverty Factors" for 2009
- (3) Households with one or more persons age 65 or over (age 65 is the American Community Survey age break for these data).

# County Data Book

## Prepared by the New York State Office for the Aging References and Notes

### General:

For the following geographic areas, where the county and PSA are not contiguous, the following applies:

Cataraugus, Chautauqua, Erie, and Franklin Counties:

Demographic data (Table One/Chart One) are for the entire county, including the St. Regis-Mohawk and Seneca Nation PSAs.

St. Regis-Mohawk and Seneca Nation PSAs:

Data in all instances are for the PSA only.

New York City:

Data consolidate the counties for the single PSA.

Warren and Hamilton Counties:

Data consolidate the counties for the single PSA.

### Table One: Demographics

#### Notes:

- (1) Disability counts are estimates prepared by the New York State Office for the Aging.
- (2) Poverty determination based on Bureau of the Census "Poverty Factors" for 2009
- (3) Households with one or more persons age 65 or over (age 65 is the American Community Survey age break for these data).

#### Data Sources:

Year 2010 poverty and housing data:

Poverty data: Bureau of the Census, American Community Survey, 2005-2009 5-year estimates, Table B17024

Housing data: Bureau of the Census, American Community Survey, 2005-2009 5-year estimates, Table B25007

# **County Data Book Selected Characteristics**

**Rockland County**

2011

# County Data Book

Prepared by the New York State Office for the Aging

## Introduction

*County Data Book: Selected Characteristics, prepared by the New York State Office for the Aging, provides information about selected demographic characteristics. The County Data Book provides state-level information and county-specific information for each county in New York (note: for New York City, data sets are provided for New York City as a whole, as well as for each of the five boroughs/counties separately.) Technical notes are included in the References section of each report.*

## Prepared by the New York State Office for the Aging References and Notes

### General:

For the following geographic areas, where the county and PSA are not contiguous, the following applies:

Cataraugus, Chautauqua, Erie, and Franklin Counties:

Demographic data (Table One/Chart One) are for the entire county, including the St. Regis-Mohawk and Seneca Nation PSAs.

St. Regis-Mohawk and Seneca Nation PSAs:

Data in all instances are for the PSA only.

New York City:

Data consolidate the counties for the single PSA.

Warren and Hamilton Counties:

Data consolidate the counties for the single PSA.

### Table One: Demographics

#### Notes:

- (1) Disability counts are estimates prepared by the New York State Office for the Aging.
- (2) Poverty determination based on Bureau of the Census "Poverty Factors" for 2009
- (3) Households with one or more persons age 65 or over (age 65 is the American Community Survey age break for these data).

#### Data Sources:

Year 2010 poverty and housing data:

Poverty data: Bureau of the Census, American Community Survey, 2005-2009 5-year estimates, Table B17024

Housing data: Bureau of the Census, American Community Survey, 2005-2009 5-year estimates, Table B25007

Disability Data

Census 2000, Bureau of the Census, SF3/PCT26 (sample data)

Woods & Poole Economics, Inc., 2007 State Profile

All other data:

# County Data Book

## Prepared by the New York State Office for the Aging References and Notes

### General:

For the following geographic areas, where the county and PSA are not contiguous, the following applies:

Cataraugus, Chautauqua, Erie, and Franklin Counties:

Demographic data (Table One/Chart One) are for the entire county, including the St. Regis-Mohawk and Seneca Nation PSAs.

St. Regis-Mohawk and Seneca Nation PSAs:

Data in all instances are for the PSA only.

New York City:

Data consolidate the counties for the single PSA.

Warren and Hamilton Counties:

Data consolidate the counties for the single PSA.

### Table One: Demographics

#### Notes:

- (1) Disability counts are estimates prepared by the New York State Office for the Aging.
- (2) Poverty determination based on Bureau of the Census "Poverty Factors" for 2009
- (3) Households with one or more persons age 65 or over (age 65 is the American Community Survey age break for these data).

#### Data Sources:

Year 2010 poverty and housing data:

Poverty data: Bureau of the Census, American Community Survey, 2005-2009 5-year estimates, Table B17024

Housing data: Bureau of the Census, American Community Survey, 2005-2009 5-year estimates, Table B25007

# County Data Book

## Prepared by the New York State Office for the Aging References and Notes

### General:

For the following geographic areas, where the county and PSA are not contiguous, the following applies:

Cataraugus, Chautauqua, Erie, and Franklin Counties:

Demographic data (Table One/Chart One) are for the entire county, including the St. Regis-Mohawk and Seneca Nation PSAs.

St. Regis-Mohawk and Seneca Nation PSAs:

Data in all instances are for the PSA only.

New York City:

Data consolidate the counties for the single PSA.

Warren and Hamilton Counties:

Data consolidate the counties for the single PSA.

### Table One: Demographics

#### Notes:

- (1) Disability counts are estimates prepared by the New York State Office for the Aging.
- (2) Poverty determination based on Bureau of the Census "Poverty Factors" for 2009
- (3) Households with one or more persons age 65 or over (age 65 is the American Community Survey age break for these data).

#### Data Sources:

Year 2010 poverty and housing data:

Poverty data: Bureau of the Census, American Community Survey, 2005-2009 5-year estimates, Table B17024

Housing data: Bureau of the Census, American Community Survey, 2005-2009 5-year estimates, Table B25007

## Introduction

*County Data Book: Selected Characteristics, prepared by the New York State Office for the Aging, provides information about selected demographic characteristics. The County Data Book provides state-level information and county-specific information for each county in New York (note: for New York City, data sets are provided for New York City as a whole, as well as for each of the five boroughs/counties separately.) Technical notes are included in the References section of each report.*

# County Data Book

Prepared by the New York State Office for the Aging

## Introduction

*County Data Book: Selected Characteristics, prepared by the New York State Office for the Aging, provides information about selected demographic characteristics. The County Data Book provides state-level information and county-specific information for each county in New York (note: for New York City, data sets are provided for New York City as a whole, as well as for each of the five boroughs/counties separately.) Technical notes are included in the References section of each report.*

## Prepared by the New York State Office for the Aging References and Notes

### General:

For the following geographic areas, where the county and PSA are not contiguous, the following applies:

Cataraugus, Chautauqua, Erie, and Franklin Counties:

Demographic data (Table One/Chart One) are for the entire county, including the St. Regis-Mohawk and Seneca Nation PSAs.

St. Regis-Mohawk and Seneca Nation PSAs:

Data in all instances are for the PSA only.

New York City:

Data consolidate the counties for the single PSA.

Warren and Hamilton Counties:

Data consolidate the counties for the single PSA.

### Table One: Demographics

#### Notes:

- (1) Disability counts are estimates prepared by the New York State Office for the Aging.
- (2) Poverty determination based on Bureau of the Census "Poverty Factors" for 2009
- (3) Households with one or more persons age 65 or over (age 65 is the American Community Survey age break for these data).

## Prepared by the New York State Office for the Aging References and Notes

### General:

For the following geographic areas, where the county and PSA are not contiguous, the following applies:

Cataraugus, Chautauqua, Erie, and Franklin Counties:

Demographic data (Table One/Chart One) are for the entire county, including the St. Regis-Mohawk and Seneca Nation PSAs.

St. Regis-Mohawk and Seneca Nation PSAs:

Data in all instances are for the PSA only.

New York City:

Data consolidate the counties for the single PSA.

Warren and Hamilton Counties:

Data consolidate the counties for the single PSA.

### Table One: Demographics

#### Notes:

- (1) Disability counts are estimates prepared by the New York State Office for the Aging.
- (2) Poverty determination based on Bureau of the Census "Poverty Factors" for 2009
- (3) Households with one or more persons age 65 or over (age 65 is the American Community Survey age break for these data).

#### Data Sources:

Year 2010 poverty and housing data:

Poverty data: Bureau of the Census, American Community Survey, 2005-2009 5-year estimates, Table B17024

Housing data: Bureau of the Census, American Community Survey, 2005-2009 5-year estimates, Table B25007

## Introduction

*County Data Book: Selected Characteristics, prepared by the New York State Office for the Aging, provides information about selected demographic characteristics. The County Data Book provides state-level information and county-specific information for each county in New York (note: for New York City, data sets are provided for New York City as a whole, as well as for each of the five boroughs/counties separately.) Technical notes are included in the References section of each report.*
